

Ferry Breaks Ice for Great Lakes Shipping

Behind the car ferry Sainte Marie, which smashed thru 20 inch thick ice in the St. Mary's river, the first of a fleet of Cleveland iron ore freighters enter harbor of Sault Ste. Marie, Mich., in the earliest opening of navigation in the history of the Soo. (NEA Telephoto.)

MacArthur Pledges Cooperation With Scribes With Army

Says He Will Attempt to Get News and Not Suppress Facts

U. S. Army Headquarters, Australia, March 24—(AP)—Gen. Douglas MacArthur, though saying "I am an old censor myself," has pledged himself to get news for newspapermen covering his headquarters rather than suppress it.

The general's promise was made yesterday during his off the record discussion with correspondents and it was permitted to be published today.

"My main purpose," he said, "is not to suppress news but to get news for you."

"The reason for efforts by the United States and Australia to inform the public what is going on is that if it does not know the truth its imagination operates, hereby reducing confidence."

"Silence will begin to react against you. It therefore is a crime. It is important that the public should be told so it can unman confidence and determination of purpose in support of the war effort."

"I want your help, without which we cannot get that maximum effort needed to win."

"I am an old censor myself. What I have said does not mean that what we give out here you have to take and use or that you are limited to canned news and cannot use your brilliancy."

"It does not mean you must abstain from criticism but I hope that before you criticize you will avail yourselves of the facts. If you do you will find most criticism disappears."

"When you start to tear down public confidence in military leaders you practically destroy an army."

"I am always glad to give you my full knowledge or opinion on any subject but as background only."

**Must Have Favorable Opinion**

The supreme commander of the United Nations in the southwest Pacific declared there had been nothing more astonishing in the progress of this war, which is really the application of the mechanics of force to human nature, than the position occupied by public opinion.

"One cannot wage war under present conditions without the support of public opinion, which is tremendously mounded by the press and other propaganda forces."

"Men will not fight and die without knowing what they are fighting and dying for. The care with which the enemy keeps the truth from his people and tries to incline their minds towards certain channels and to implant certain ideas shows the weight he puts upon it."

"In the democracies it is essential that the public should know the truth."

MacArthur reminded newsmen that in 1915, War Secretary Newton D. Baker gave him the task of United States Army press relations and that he had handled them for a long time.

**Two Officers in Charge**

He disclosed that he had placed two of the most brilliant officers of his present staff—Colonel LeGrand Diller, and Major LeRoy LeGrand, formerly an Associated Press correspondent—in charge of press relations in Australia.

(Col. LeGrand covered the war department when Gen. MacArthur was chief of staff, and was an aviator in the first World War. The general's high regard for the colonel was illustrated at MacArthur's reception in Melbourne Saturday.

Surrounded by high-ranking well-wishers, MacArthur spotted LeGrand and LeRoy, and ripped both of the colonel's and, Jack Turcott, correspondent of the New York Daily News,

The War Today!

By DEWITT MACKENZIE  
Wide World War Analyst  
(Telegraph Special Service)

The journey of Bulgaria's King Boris to Germany for a conference with his master, Herr Hitler, and the trip of ambassador Count Von Papen from Turkey for a similar purpose, strike me as boding no good for the allies in general and for the Turks in particular.

These birds Boris and Papen may be taken as harbingers of the fuhrer's spring offensive. And it's a safe bet that their summons to the seat of the mighty means that the nazi chief is getting ready to apply the heat to Turkey. His idea is to force that country to permit passage of German forces through its territory into the Middle East, where lies the oil and other supplies which he must have.

The part selected for Boris to play is stooge for Hitler. His majesty's business is to make warlike gestures to convince the Turks that he is about to attack them, if they don't play the axis game. The fact that Bulgaria and Turkey are chronic enemies lends substance to this suggestion.

Papen, one of the craftiest schemers of them all, will hold the Bulgarian threat as a club over Turkey's head. At the same time he will offer rich prizes to the Turks for knuckling under.

The position probably isn't particularly attractive to the dictatorial Boris, especially since his father, Czar Ferdinand, was compelled by popular disfavor to abdicate his throne in 1918 because he sided with Germany in the World War and got beaten. And Ferdinand (sometimes known as The Fox) was supposed to be one of the smartest. Old Kaiser Wilhelm once remarked: "I cannot stand Ferdinand, but he beats us all for brains."

However, while Boris is by nature a lone wolf, he now is in the situation of getting strangled by Hitler if he doesn't fall in line, and of being awarded (he hopes) territory from poor Greece and Yugoslavia if he is a good lad. Moreover, the king is son-in-law of the emperor of Italy, having married Princess Giovanna, and domestic bliss might be worth the gamble of a throne.

There is doubt whether Turkey can be bullied into granting Hitler's demands. As previously remarked in this column, I was told in Ankara not long before the war that Turkey would try to remain neutral in event of another conflict but that if she had to fight, it would be beside Britain. Circumstances may have altered this, but there has been no in-

To Help Pay Bill

Missoula, Mont., Mar. 24—(AP)—Japanese interned as enemy aliens at Fort Missoula will help pay for planes to bomb their home country, whether they like it or not.

Lewis Penwell, Montana collector of internal revenue, arrived yesterday with a staff of assistants to interview the alien Japanese about payment of 1931 federal income taxes.

Voluntary Double-Pay Suspension by Labor Nelson's Aim

Asks Congress To Give Him 30 Days to Attain His Recommendation

Washington, March 24—(AP)—War Production Chief Donald Nelson asked congress today to give him a 30-day time-limit to obtain voluntary suspension of double pay for overtime through agreement with leaders of organized labor before enacting legislation on the matter.

He promised the house naval committee that he would ask for legislation himself then if he was unable to obtain that agreement, but simultaneously entered opposition to suspension of federal maximum hour legislation and a ban against closed shops in industries handling army and navy contracts.

"The men at the bench are just as patriotic as you or I," he told Chairman Vinson (D-Ga.) of the committee, who with Representative Smith (D-Va.) drafted the far-reaching measure.

"The present law," he said, "does not prevent men from working more than 40 hours a week. It has not set the pattern for the length of our work week in our war industries. It governs wages rather than the hours in which a man may work."

He told the committee that men in the "highly strategic" machine tool industry now were working

Dixon Firemen on Four Runs Monday

Members of the fire department are aware of the arrival of spring and answered four calls yesterday afternoon and evening. The first alarm sent the department to the Edward O'Malley residence, 116 East Eighth street, at 2:45, where a minor roof fire was extinguished with slight property damage. At 7 o'clock last evening the firemen were called upon to extinguish the first grass fire in the early spring near the Dixon Cut Sole plant, no property damage resulting. At 9:45 the third alarm was received from Third street and Lincoln avenue, where defective wires resulted in slight damage to an automobile.

Several boys who were gathered about a fire roasting marshmallows near Squires avenue and Lincoln Way, used a can of gasoline to increase the heat about 9 o'clock last evening. Neighbors became alarmed when the inflammable liquid was thrown onto the fire and notified the fire department. Chief Sam Cramer responded and warned the boys of the danger.

Eventual Restriction on Use of Gasoline in Mid-West Is Probable

New York, March 24—(AP)—The Wall Street Journal said today motorists in the Atlantic seaboard states must expect to have their driving cut by 50 per cent by the rationing of gasoline and restricting of the use of motor fuel in the mid-west and other areas now well supplied might eventually be applied.

Such a program, the paper says, was described by oil company economists as "a realistic rationing basis." Filling stations now are getting only 80 per cent of normal requirements pending actual rationing.

While present plans appear to be to restrict rationing to areas where supplies are low, the business publication said, plans are in the making to rearrange the

Anti-Axis Nations Fear German Drive Against Turkey—  
U. S. Subs Busy in Japan's Waters

Axis Claims Heavy Blows inflicted in Mediterranean Sea

Britain Admits Some of Her Ships Hit; War News Summarized

(By The Associated Press)

Rumbles of an impending German offensive in the Near East presumably against Turkey, came from European capitals today as Adolf Hitler threw masses of hastily-trained reserves and fresh levies from the Balkan states into the battle with Russia.

Simultaneously, Britons were officially warned of a possible German attempt to invade the British Isles this spring.

Sweden, too, was on the alert.

Tass, the soviet news agency, reported in a dispatch from Istanbul that German and Bulgarian troops were massing on the Turkish frontier and that German engineers had supervised the construction of 24 new airdromes and 50 landing fields in Bulgaria near the Turkish border.

Tass said Bulgarian ruling circles were casting "avid eyes at certain Turkish territory and would willingly become tools of German military provocation in the Near East."

Trustworthy advices from Stockholm said Sweden, aware that Scandinavia's uneasy peace may be ended by a spring flare-up in the war, was keeping a considerable defense force under arms.

**Swedish Tension Eases**

These advices denied that the calling of additional troops for maneuvers at the end of February had reached the proportions of complete mobilization and said the tension had somewhat relaxed in the last few days, chiefly because indications in axis capitals, as well as in Turkey, pointed to a German drive in the Near East.

In London, a government spokesman disclosed that "invasion committees" had been set up in many parts of the island kingdom to combat any nazi cross-channel thrust, and told the nation it must do everything possible "to drive out and destroy the enemy."

At sea, Premier Mussolini's high command asserted that axis torpedo planes had sunk, damaged or hit 19 British warships and merchant vessels in air-sea battles ranging from North Africa into the eastern Mediterranean toward Malta.

The fascist high command said that Italian planes sank a cruiser, an unidentified naval unit and a 10,000-ton merchant ship, and that German bombers joining in the attack on the convoy sent another merchant ship to the bottom.

**Italians List Claims**

Three cruisers, a destroyer and five merchant ships were listed as damaged in aerial attacks; Italian warships were credited with scoring hits on a cruiser, two destroyers and a "naval unit."

The Italian communique declared that these blows were delivered in the Gulf of Sirte, off the Libyan coast, and that in subsequent attacks on a British naval squadron "probably returning from the battle area", fascist planes hit a cruiser with two torpedoes and hit a large destroyer.

The German high command, describing the British convoy as sailing toward Malta, said three merchant ships were sunk and three other merchantmen, a cruiser and a destroyer damaged.

London quarters acknowledged some British ships had been hit but declared none had been sunk.

On the Russian front, soviet dispatches reported heavy scattered fighting in the Leningrad and Moscow sectors, with 2,500 Germans killed, and said that the trapped German 16th army in the Staraya Russa sector, 120 miles below Leningrad, was burning its dead and still-living wounded to hide losses before retreating.

**English Coast Bombed**

A bulletin from Hitler's field headquarters acknowledged the Russians were unleashing power-

Lee Co. Committee for Defense Bonds Sales Announced

Oliver Gehant of West Brooklyn, general chairman of the committee for U. S. Defense bond sales in Lee county, today announced the membership of the county committee which is to meet soon to perfect its organization. This meeting will be addressed by Herbert A. Graves of Peoria, deputy state administrator, who will outline plans for the organization.

Norman B. Collins of Chicago, state administrator has approved the appointment of the following Lee county committee members:

General chairman—Oliver L. Gehant, West Brooklyn; agriculture—Charles E. Yale, Amboy; automotive—George Netiz, Dixon; banking—Harry H. Badger, Amboy; brewers—Hal Roberts, Dixon; contractors—George W. Lindquist, Dixon; education—B. J. Frazer, Dixon; finance—John L. Davies, Dixon; granges—Charles Merriman, Paw Paw; 4-H club—Miss Marian Symphon, Amboy; hotels and restaurants—George Papadakis, Dixon; insurance—Homer Senneff, Dixon; attorneys—H. C. Warner, Dixon; livestock producers—Leon A. Garrison, Dixon; manufacturing—L. G. MacDonald, Dixon; mayors—William V. Slothower, Dixon; physicians, dentists and hospitals—Dr. Howard M. Edwards, Dixon; publicity and information—Arnold V. Lund, Dixon; real estate—John Roe, Dixon; religious education—Dr. Floyd L. Blewfield, Dixon; retail stores—J. Royal Fitzsimmons, Dixon; speakers—John P. Devine, Dixon; theaters—Leonard G. Rorer, Dixon; trades—Walter C. Knack, Dixon; utilities—LeGrand Cannon, Dixon; veterans organizations—H. F. Walder, Dixon; women's organizations—Mrs. Mildred Beier, Dixon. Additional units to be supplied with every community in the county to be represented by a committee member.

40-Mile Speed Limit on Illinois Highways Established by Edict

Chicago, March 24—(AP)—T. P. Sullivan, state Director of Public Safety, today instructed highway police to prevent driving of automobiles faster than 40 miles an hour on Illinois roads.

He said the action was taken by order of Governor Green and at the request of President Roosevelt in the interest of tire conservation. The president last week asked the governors of sixteen states, including Illinois, to establish a 40 mile per hour speed limit.

Governor Green said the speed limitation could be fixed only by edict pending action of a special session of the legislature to change the state statute. The present day does not limit speed on the open road but is directed against reckless driving.

Judge Jay A. Schiller of Chicago Safety Court announced that motorists who exceed the 40 miles limit would be prosecuted for reckless driving which carries a possible maximum penalty of one year in jail, plus a fine.

Judge Schiller said he considered the speed limit "a presidential and gubernatorial mandate" and that "aside from the preservation of tires and the conservation of gasoline and oil, the new speed ceiling will save hundreds from death, thousands from injuries and millions of dollars of property from damage."

Chicago High School Pupils Demonstrate for "More Freedom"

Chicago, March 24—(AP)—Several hundred students of Thomas Kelly high school on the southwest side staged a demonstration today for "more freedom" in matters such as use of lipstick and wearing slacks, sweaters and anklets to class.

The youngsters walked out of the building and paraded, carrying placards. They "demanded" that the principal, Mrs. May C. Allen, be relieved of her position. The school enrollment totals 3,000.

Among the complaints was one that Mrs. Allen "has imposed deeply upon the rights of students; also, she has not shown any interest in social events at Kelly."

Mrs. Allen said the demonstration ended after she conferred with a student committee and the students held a meeting, with speeches.

"I am not an ogre," Mrs. Allen said, "and I have laid down no hard and fast rules about these things, although I have remonstrated with individual girls who went to extremes with lipstick or costumes. This affair seems to have been a disorganized, childish demonstration."

Detailed Story of MacArthur Party's Dash Finally Told

Spokesman for Supreme Commander Talks of Danger Overcome

By C. YATES McDANIEL  
U. S. Army Headquarters, Australia, March 24—(AP)—The full story of Gen. Douglas MacArthur's hazardous voyage from the Philippines was told today by the supreme commander's spokesman, who emphasized that MacArthur did not escape from Bataan but "came through to a greater task" in compliance with a presidential order.

Col. LeGrand Diller told newspapermen that MacArthur's fighting race against time, darkness and Japanese warplanes and warships was vindication for the general's long fight for recognition of motor torpedo boats.

Some advisers, Diller said, urged MacArthur to use a submarine to make his way to Australia but the general and United States Navy Lieut. John D. Bulkeley, commander of six "PT" boats which reached the Philippines shortly before the war, pinned their faith on the speedy craft.

Strong opposition was based on fear that the attempt was too desperate.

This was Diller's story:

The sun dipped into the China sea out past Corregidor on March 11 when, in the deepening darkness, the forms of torpedo boats moved slowly through the minefields toward the entrance of Manila Bay.

Bulkeley, who had won the Distinguished Service Cross for his work in the Philippines—the sinking of a 5,000-ton Japanese ship—was at the wheel of the leading craft as the little convoy started the hazardous trip which some advisers had warned was a "fantastic venture."

**Race Confusing**

But the general said, "We go with the full of the moon. We go during the Ides of March."

It seemed strange after living in blackouts for three months to (Continued on Page 6)

Uncle Sam Hints Turning Producer

Washington, March 24—(AP)—Congress was informed today that the government is prepared to go into direct production of strategic war materials if it is unable to obtain them through private industry.

This disclosure was made by Secretary Ickes to a house appropriation sub-committee during hearings on the interior supply bill which was reported today.

Discussing preparations to develop and obtain war supplies, Ickes said:

"In brief, the program calls for new or intensified explorations for copper, zinc, lead, iron, chrome, bauxite, clays and many other minerals; for utilization or accelerated development of new processes to get what we need in this war from our domestic supplies of manganese, aluminum, clays and shales, chromium concentrates and other minerals; for supplying additional minerals and to fabricate metals; for increasing production of required petroleum products, including aviation gasoline and the components of synthetic rubber; for supplying coal and coke x x x; for increasing production of helium; and for increasing our output of fishing products and of range products. All of these resources and processes we propose to make available to the war production board and any other war agency."

And, he added, "if they want the material and can't get it otherwise, we will go into direct production."

Mr. Jack of Jack & Heintz Company Gets Rid of Jack

Washington, March 24—(AP)—Disclosure of huge bonuses paid out under government contracts by Jack & Heintz, Inc., Cleveland airplane parts company, prompted a demand on the house floor today that those responsible for such contracts be prosecuted.

Rep. Andresen (R-Minn.), leading off a series of one-minute speeches for legislation to speed war production, made the demand after calling attention to the story as related to the house naval subcommittee yesterday.

"The responsible parties should be promptly dealt with as criminals," Andresen declared, adding: "If this is a sample of government efficiency the war will cost twice as much as it should. If these stories are true I don't blame labor for demanding higher wages."

Rep. Young (D-Ohio), also referring to the Jack & Heintz case, told the house that unless congress acts to limit war profits "this war will produce more millionaires than World War 1."

All profits over 3 per cent should be taken by the government in taxation," he urged.

**Congress Amazed**

Congress was amazed at the disclosure of war orders so lucrative the lady secretary of the manufacturer has been drawing salary and extras at the rate of \$18,295 for the first ten weeks of 1942.

The manufacturer, W. S. Jack, president, contended in a statement that the bonus system under which the secretary was paid actually decreased costs. He told the house naval committee yesterday that the firm which makes airplane parts, had given out \$600,000 in bonuses last year.

"And the money all came from the government," said Rep. Vinson (D-Ga.), chairman of the committee.

The secretary, plump Miss Adelaide Bowman, said of her employer, "he's generous and is the most wonderful man in the world."

She acknowledged yesterday that she had received \$39,356 last year and \$18,295 for the first ten weeks of 1942.

The communique said fighting broke out anew on Bataan, with several sharp clashes. American artillery laid down a heavy fire on enemy positions, and Japanese losses were believed to be considerable, the war department said. American-Filipino casualties were slight.

In Australia, Gen. Douglas MacArthur busily mobilized the vast island continent's defenses against an expected Japanese invasion attempt and indicated that he would follow a policy of keeping the public informed on developments.

"My main purpose is not to suppress news but to get news for you," the United Nations generalissimo told correspondents.

There was little actual news, however, as allied fliers continued to hold Japan's sea-borne forces at bay in the battle for the approaches to Australia.

**Port Moresby Bombed**

Japanese bombers in two waves again struck at Port Moresby in southern New Guinea island, 300 miles across the Torres strait from Australia, it was announced, but information was lacking on the progress of Japanese invasion columns reported marching down the Markham valley toward Port Moresby.

In the battle of Burma, Chinese headquarters reported "vigorous"

(Continued on Page 6)

New One-Cent Pieces Are Being Distributed

Washington, March 24—(AP)—New one-cent pieces, with the tin content reduced because of the war, have been distributed to the public but they look so much like the old kind that the mint said apparently no one noticed the difference.

The new "penny" has an infinitesimal amount of tin—being about 95 per cent copper and five per cent zinc—instead of one per cent tin. The coins have been sent out from the Denver and Philadelphia mints.

A new nickel-less nickel, made half of silver and half of copper, will be made soon under a new law requiring a 60-day wait before the change could be made. The nickel metal—25 per cent—which formerly went into the nickel will go for war purposes.

'Round the Clock

Nashville, Tenn., Mar. 24—(AP)—The Rev. D. W. Whitaker, 36-year-old pastor of the Independent Pentecost church here, laid claim to a record today after rounding out a 24-hour session in his pulpit.

Pausing only to sip water from time to time the former Los Angeles minister preached continuously from 6 p. m. Sunday until 6 o'clock last night. His theme was "America Back to God."

"The congregation stayed with me," he said proudly, "or at least, others came in to take their places."

Suggestion Government Encourage Synthetic Rubber Output Ignored

Washington, March 24—(AP)—Senate investigations heard testimony today that the Defense Advisory Committee urged upon President Roosevelt on Sept. 12, 1940, that facilities for production of 100,000 tons of synthetic rubber annually be constructed at once, but that the recommendation was rejected.

The testimony was given to the senate defense investigating committee by William L. Batt, director of materials for the War Production Board, who headed a committee which made a survey of the rubber situation in 1940.

Batt said that the committee's recommendation was based on a

Inflict Heavy New Blows on Enemy's Ships Near Empire

Corregidor Fortress in Manila Bay Target of Japanese Bombers

By ROGER D. GREENE  
Associated Press War Editor

Daring United States submarines were officially credited today with inflicting heavy new blows on ships in Japan's own waters, while the German radio quoted a Tokyo spokesman as urging Japan to press her offensive by securing the Indian ocean and Australia "as strongholds for big future military operations."

Naval records in Washington credited far-reaching American undersea raiders with having sunk 25 Japanese ships, probably sunk 10 more and damaged six others since the war began.

The nazi broadcast quoted Captain Hideo Hiraide, Japanese naval spokesman, as declaring: "It seems that since the capitulation of the Netherlands East Indies, the situation has reached a turning point and that Japan is on the defensive and the Anglo-American powers on the offensive."

"Defensive lines do not, however, lead to victory... Japan must continue its offensive."

Captain Hiraide acknowledged that the question of transport to supply Japan's farflung invasion armies was becoming difficult—a statement underlined by official Washington announcement that U. S. submarines had sunk three more ships and damaged three others in Japanese waters.

**Three Jap Bombers Downed**

In the Philippines, a war department bulletin reported that American gunners shot down three big Japanese bombers during a heavy attack by 54 enemy planes on Corregidor island fortress, in Manila Bay, and on American positions in tiny Bataan peninsula.

The communique said fighting broke out anew on Bataan, with several sharp clashes. American artillery laid down a heavy fire on enemy positions, and Japanese losses were believed to be considerable, the war department said. American-Filipino casualties were slight.

In Australia, Gen. Douglas MacArthur busily mobilized the vast island continent's defenses against an expected Japanese invasion attempt and indicated that he would follow a policy of keeping the public informed on developments.

"My main purpose is not to suppress news but to get news for you," the United Nations generalissimo told correspondents.

There was little actual news, however, as allied fliers continued to hold Japan's sea-borne forces at bay in the battle for the approaches to Australia.

**Port Moresby Bombed**

Japanese bombers in two waves again struck at Port Moresby in southern New Guinea island, 300 miles across the Torres strait from Australia, it was announced, but information was lacking on the progress of Japanese invasion columns reported marching down the Markham valley toward Port Moresby.

Norma Young's Gallant Fight Against Dreaded Disease Receives Hope

Springfield, Ill., March 24—(AP)—Norma Jean Young, 12, victim of the rare and usually fatal infection known to medical science as staphylococcus septicaemia, continued her fight for life in Springfield hospital today, after two blood plasma transfusions, encouraged by the knowledge that a third blood donor had been found to aid her.

The girl's condition was described by her doctors as "about the same." They said improvement would be slow.

Physicians announced that Edward W. Lynch of Vandalia, Ill., a 44-year-old roofing contractor, had volunteered to contribute his blood if it is needed. Only blood from persons who have recovered from the rare infection is of use in combatting the disease. Lynch overcame an attack several years ago at Middletown, Ohio.

The young girl has received transfusions from Miss Mary Kathryn Richardson of this city and Mrs. Rose McMullin of Philadelphia, whose trip to Springfield was paid for by contributions of Illinois State Register readers.

# Of Interest to Farmers

## Lee County Farm Bureau News Notes

The Association's average for the month was 646 pounds of milk, 25.86 pounds of fat with 231 cows on test from 23 herds. Forty-five of the 331 cows on test were dry. Forty-seven cows each produced over 40 pounds of fat.

A herd of 10 purebred Holstein cows owned by Guy and Marion Borop led the association with an average production of 1149 pounds of milk and 41.80 pounds of fat on 2 times-a-day milking. One of the 10 cows was dry.

A herd of purebred Brown Swiss owned by Leonard Anderson was second with an average of 963 pounds of milk and 40.57 pounds of fat. None of the cows was dry.

A herd of 9 purebred Gurnseys owned by Henry Baumgartner was third with an average of 691 pounds of milk and 33.71 pounds of fat. None of the 9 cows was dry.

A herd of 14 purebred Holsteins owned by C. B. Keigwin & Son were fourth with an average of 887 pounds of milk and 30.76 pounds of fat. 8 of the 14 cows were dry.

A herd of 31 grade and purebred Holsteins owned by S. W. Zimmerman was fifth with an average of 864 pounds of milk and 28.73 pounds of fat. Four of the 31 cows were dry.

### Ten High Cows

Reinhard Gerdes, PBS, Walnut, Ill., 1434 lbs. milk, 63.1 lbs. fat.

A. E. Smith, PBS, Grand Detour, 1487 lbs. milk, 62.5 lbs. fat.

Guy & Marion Borop, PH, Walnut, 1408 lbs. milk, 59.1 lbs. fat.

Guy & Marion Borop, PH, Walnut, 1464 lbs. milk, 58.6 lbs. fat.

William Meyers & Son, PH, Amboy, 1400 lbs. milk, 56.0 lbs. fat.

Leonard Anderson, PBS, Walnut, 1532 lbs. milk, 55.2 lbs. fat.

C. B. Keigwin & Son, PH, Walnut, 1378 lbs. milk, 55.1 lbs. fat.

Guy & Marion Borop, PH, Walnut, 1316 lbs. milk, 54.0 lbs. fat.

Ort Acres Farm, PBS, 1249 lbs. milk, 53.7 lbs. fat.

Leonard Anderson, PH, Walnut, 1106 lbs. milk, 53.1 lbs. fat.

### Lee County DHIA Report

The association average for the month was 803 pounds of milk, 29.4 pounds of fat with 478 cows on test from 26 herds. Fifty-eight of the 478 cows on test were dry. One hundred and five cows each produced over 40 pounds of fat.

A herd of 19 PBH cows owned by J. J. Cole led the association with an average production of 1244 pounds of milk and 43.3 pounds of fat on 3 times-a-day milking. Two of the 19 cows were dry.

A herd of 15 PBH owned by Smith and Cole produced an average of 1088 pounds of milk and 38.1 pounds of fat on 2 times-a-day milking. One of the 15 cows was dry.

A herd of 13 PBH owned by E. L. McCracken produced an average of 1074 pounds of milk and 37.3 pounds of fat on 2 times-a-day milking. Two cows were dry.

A herd of 12 PBH owned by Leo Fairve produced an average of 1030 pounds of milk and 37.1 pounds of fat on 2 times-a-day milking. Two of the 12 cows were dry.

A herd of 19 PBH owned by Roi Degner produced an average of 986 pounds of milk and 36.8 pounds of fat on 2 times-a-day milking. Two cows were dry.

### Ten High Cows

J. J. Cole, PBH, 2162 lbs. milk, 69.2 lbs. fat.

Roi Degner, PBH, 1778 lbs. milk, 74.3 lbs. fat.

Roi Degner, PBH, 1576 lbs. milk, 69.4 lbs. fat.

J. J. Cole, PBH, 2162 lbs. milk, 69.2 lbs. fat.

Leo Fairve, PBH, 1323 lbs. milk, 68.8 lbs. fat.

Robert Mullins, GJ, 1336 lbs. milk, 68.1 lbs. fat.

J. J. Cole, PBH, 1954 lbs. milk, 66.4 lbs. fat.

E. L. McCracken, PBH, 1775 lbs. milk, 63.9 lbs. fat.

Robert Mullins, GJ, 1201 lbs. milk, 62.5 lbs. fat.

E. L. McCracken, PBH, 1747 lbs. milk, 61.1 lbs. fat.

### FERTILITY HINTS

Before buying mixed fertilizer, superphosphate or potash, the farmer should find out how much his dealer charged for these during the period between February 16 and 21, 1942. This is important because fertilizer price ceilings recently set by the Office of Price Administration provide that prices shall not be higher now than they were during that period. For example if a farmer wants a ton of 4-12-4 mixed fertilizer, he should not be charged more than the dealer charged for a ton of 4-12-4 between February 16 and 21. The order applies to fertilizer sales of 250 pounds or more.

The life of an inch of topsoil was increased from 2 years to 29 years by contour strip cropping of a field with a 5 per cent slope in a soil-saving test carried on by the U. S. Department of Agriculture at its Blackland Station at Temple, Tex. The conservation practices reduced the erosion

## FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

The public demanded that plants be converted to war production more rapidly than the army organization be streamlined. They demanded men who could and would get things done. Donald Nelson is in Washington, MacArthur is in Australia—we're beginning to see action.

In the quartermaster market centers we have an example of what can be done when men who know their jobs cut red tape and set up a flexible, workable system.

One of the best illustrations of what they have been able to do is found right in our own industry.

Until last fall, when the army or navy wanted to buy any quantity of poultry, they asked for bids weeks in advance. No one knows what poultry will be worth tomorrow, let alone what it may be worth two months from now.

So selling poultry to the army or navy under that system of purchasing was pre speculation. And because of the risk involved bids were often higher than they would have been if the sale could have been completed at once.

Furthermore, the people who were doing the buying knew so little about poultry and the poultry market that they often asked for bids on kinds of poultry that weren't even available at that season of the year or they would specify sizes that were particularly scarce and therefore expensive.

We called their attention to these facts time and time again, but about the only answer we got was a copy of the specifications on poultry, which were about as out of date as the Maginot line.

### The Quartermaster Market Centers

Then last year the Quartermaster Market Centers were set up—a main office in Chicago connected by direct wire with 29 branch market centers all over the country.

Now when an army camp, a naval station or a marine base wants poultry for Sunday dinner or a carload of eggs for breakfast, they put in a requisition to the Quartermaster Market Center.

Within 24 hours the buyers there have got competitive bids from any number of packers; have bought the quality they want at the lowest bid; and have the food on its way to the camp.

The officers who have charge of the poultry buying are men who have been in one branch or another of the poultry business all their lives. They have the help of a civilian buyer—"the Army's Sunday dinner man," a Kansas City paper called him.

These men know poultry and they know values.

For example, last Thanksgiving turkeys were cheap—cheaper than any other kind of poultry. So the Quartermaster Market Center bought turkeys—a million pounds of them. And because big turkeys were cheaper than small turkeys they bought big ones.

When turkeys got too high they started buying chickens. They knew that 3½-pound chickens are generally neglected on the market, being a medium size—too large to suit some buyers and too small for others. They knew that those 3½ pound chickens—as fine eating as anyone could ask for—could be bought for 4 and 5 cents a pound less than other sizes of chicken. So they bought them.

As poultry raisers, you can appreciate what it means to have someone taking the sizes that are a drag on the market.

As taxpayers, you can appreciate that the QMC buyers are spending your money as carefully as you would yourself—shopping for the best buys. They are getting your money's worth for you. You can be sure of that.

With all the criticism that's in the air these days, I think a little attention should be focused on the speed, the economy, and the efficiency with which the Quartermaster Market Centers are operated and on the men who are doing such a perfectly swell job.

The name "Roy G. Biv" gives you the key to the colors of the rainbow: red, orange, yellow, green, blue, indigo and violet.

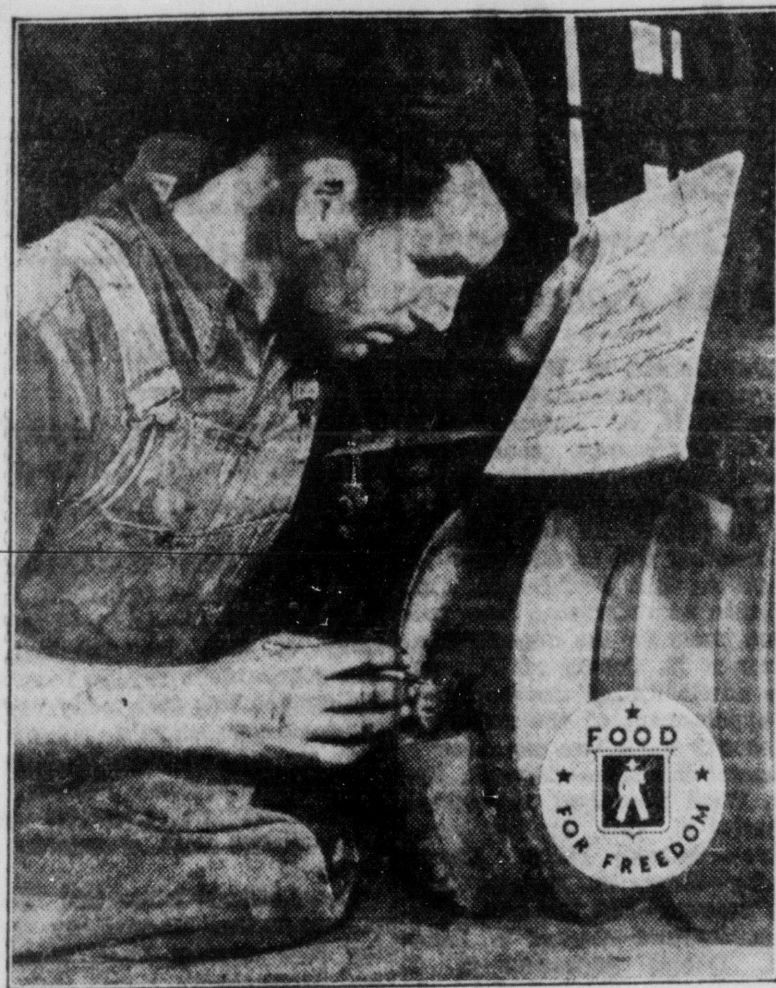

In Sumatra and Celebes the wild tribes consider exposing the knee immodest.

The electric eel, found in the rivers of Brazil, attains a length of six feet.

Losses from 1 inch of surface soil in 2 years to 1 inch in 29 years. Illinois farmers on rolling land are bringing about a similar reduction in soil losses by soil treatment and a good rotation, supported by terracing, strip cropping and contour farming.

Spring housecleaning time is near. You will want some of our attractive colored paper for the pantry shelves and bureau drawers. Colors—pink, canary, green, white.—B. F. Shaw Printing Company.

## Farm Defense Board Says Order Repair Parts Now

This farmer is ordering his repair parts now, thereby making sure that his farm equipment will be in top shape for seeding and harvesting. The County USDA Defense Board says it is highly important that all farmers do this. Last minute repairs may not be possible due to shortages. Secretary of Agriculture Claude R. Wickard has declared that it is every farmer's patriotic duty to have his machinery in best possible condition in 1942 for production of victory foods. "Check over your old machinery and order necessary parts from your dealer," he advises. "If parts cannot be obtained, notify your County USDA Defense Board."

## Harrows Getting Repair In Set-Up Of Farmers Output

Harrows, like other farm equipment, can be repaired and conditioned for wartime production, but before he spends time on such a job, the foresighted farmer will make sure the harrow has suitable teeth and other accessories.

Engineers of the University of Illinois College of Agriculture and of the U. S. D. A. also point out that worn-out shoe runners are no cause for discarding a spring-tooth harrow. New shoes are available at small cost. Better still, worn shoes, as well as other parts of the harrow, may be repaired in the farm shop.

If the rod between the lever handle and the ratchet is bent, straightening will insure better depth control. Still better control is assured by having the quadrant and tooth bars secure to the frame. Dull teeth can be sharpened and when worn short should be replaced. Teeth with reversible points with which the more modern harrows are equipped have the advantage of always having one sharp point when the other becomes worn.

To adjust the depth of the teeth of a spring-tooth harrow so they will be uniform, the engineers recommend placing the harrow on a level floor with the lever set so they just touch the floor. All the teeth should have a slight amount of tension. Hence the tension on the tight teeth should be loosened and the tension on the loose teeth tightened. There is usually a slot for adjusting the set. All sections should be set with depth-adjusting lever in the same notch.

Where a sulky attachment is used, the set connections should be secure and the operating levers working freely.

**Spike-Tooth Harrows**  
With spike-tooth harrows, it is important to see that the teeth are sharp. If they have worn smooth, they should be turned so that a new cutting edge is presented to the front. If they have already been turned once, the edges may be squared by grinding or they may be replaced with a new set. The teeth should be set at a uniform depth and clamped tight to the bar. Teeth can usually be adjusted for depth by loosening the nuts holding them to the cross member.

Make sure that the frame is in good condition and secure and that the depth-control lever is working properly. With flexible pipe-bar harrows, make sure the bars flex properly and that there is no binding. With wood-bar harrows, inspect each bar carefully for splitting. Strengthen split bars by wrapping with wire or reinforce with bolts and washers. Decayed or badly worn members should be replaced. Where a harrow cart is used see that the seat connections are tight and that excessive wear in the wheels is taken up.

Spring housecleaning time is near. You will want some of our attractive colored paper for the pantry shelves and bureau drawers. Colors—pink, canary, green, white.—B. F. Shaw Printing Company.

Do You Know?

Q. In case of resignation or death of the governor, by whom is he succeeded?

A. The lieutenant governor. In case of the latter's resignation or death the president of the senate takes over the duties of the governorship, and should he in turn be incapacitated the duties devolve upon the speaker of the house of representatives.

Q. How does the law provide for succession in the case of executive officials other than the governor?

A. The governor shall fill the office by appointment until a successor shall have been elected and qualified.

Q. When did Abraham Lincoln come to Illinois?

A. In 1830 the Lincolns arrived in Macon county and settled temporarily on the Sangamon river, about eight miles west of Decatur. In the spring of 1830 young Lincoln journeyed by flatboat to New Orleans and upon his return settled at New Salem.

Q. Is New Salem still in existence?

A. The town disappeared completely, but in 1906 the site was purchased by William Randolph Hearst. He decided it to the Old Salem Chautauqua association and it subsequently passed into the hands of the State. The town has been restored and was dedicated as a shrine on October 28, 1933.

Q. What was Stephan A. Douglas' first public office in Illinois?

A. Public prosecutor of the first judicial circuit in 1835.

Q. When did Lincoln make his famous "house divided" speech?

A. On June 16, 1858, before the state Republican convention.

Q. What was the result of the Lincoln and Douglas debates so far as the futures of the two men were concerned?

A. Douglas was identified as the Democratic presidential hope for 1860 and Lincoln was raised to a similar position among the Republicans.

Q. Where was the national Republican convention of 1860 held?

A. The Wigwag on Lake street in Chicago.

## Prices of Wheat Can Never Justify Feeding to Hogs

Present prices of wheat do not encourage Illinois farmers to feed much wheat to hogs, believes E. T. Robbins, extension livestock specialist of the University of Illinois College of Agriculture.

However, if wheat and corn should eventually become worth the same amount, bushel for bushel, Robbins believes wheat would be a suitable addition to the hog ration. In such a case the self-feeder is recommended for feeding the wheat to hogs.

When hogs are hand-fed whole grain wheat, they gulp it down so greedily that 16 to 22 per cent of it is wasted. For this reason, wheat is generally coarsely ground for hogs, as well as for cattle and horses. However, when whole wheat is supplied in a self-feeder, the hogs seem to know that they have plenty of time to eat. They work at it leisurely, chew it well and waste so little that grinding seldom pays.

It is possible to replace all the corn with wheat in feeding hogs, according to Robbins. For other stock the results are better if not more than half the corn or other grain is replaced by wheat.

It is not customary to grind wheat for sheep or lambs, but it is regularly ground coarsely for feeding to cattle or horses.

In general a bushel of wheat is worth the same price as a bushel of corn in livestock feeding. This allows for the extra expense of grinding the wheat when necessary.

In feeding lambs, however, corn gives somewhat faster gains than wheat, and also cheaper gains than wheat when both grains are the same price.

**Soybean Seed Is Plentiful for 1942 Wartime Seedings**

There should be no reason why farmers can not get soybean seed for war production plantings at reasonable prices this year, J. C. Hackleman, crops extension specialist of the University of Illinois College of Agriculture, said today.

There are plenty of commercial beans available, and many lots of satisfactory germination are now being sold by farmers, bin run, at about \$2 a bushel, Hackleman pointed out. This means that farmers who need seed can get it at a price they can afford to pay. Nevertheless, farmers are reported to be reluctant to pay prices asked in some quarters.

Hackleman doesn't believe it would be necessary for growers to pay more than \$2.50 a bushel for soybean seed of 85 per cent germination. Naturally, this will not be pure seed, but can be used in the present emergency. "And if you pay that much, be sure of the moisture and germination," he cautioned.

Approved varieties for which the government has announced a price of \$2 a bushel will be paid on April 10 are Illini, Manchou, Mukden, Wisconsin 3, Dunfield, Mandell, Richland, Chief, Macoupin, Mansory, Mt. Carmel, Indiana 5, Indiana 7 and Scioto. The beans must have been cleaned and their germination must be at least 85 per cent.

This purchase program is not primarily for the purpose of acquiring seed, but is to encourage growers to refrain from selling soybeans suitable for seed to crushers before planting time and to protect growers who hold seed against losses through market declines and additional expense occasioned by cleaning and testing, Hackleman said.

We have a new supply of attractive colored paper for the pantry shelves and bureau drawers—in green, canary, pink, white. Comes in rolls, 10c to 50c. B. F. Shaw Printing Company.

A cricket match was played in New York as early as 1751.

Q. What was Stephan A. Douglas' first public office in Illinois?

A. Public prosecutor of the first judicial circuit in 1835.

A. Douglas was identified as the Democratic presidential hope for 1860 and Lincoln was raised to a similar position among the Republicans.

Q. Where was the national Republican convention of 1860 held?

A. The Wigwag on Lake street in Chicago.

**TRACTOR TIPS AND PLOW POINTS**

**Checking Valves**  
If the farm tractor lacks pep, better check up on valves and valve mechanism, says engineers of the U. S. Department of Agriculture. If there is rebound on each compression stroke when the engine is cranked slowly, the valves are closing properly. Lack of compression means waste of fuel and loss of power, and valve leakage permits hot exhaust gases to burn and warp the valves. Leaky valves may be caused by wear in an old tractor, but in a new tractor this power loss can generally be corrected without removing the cylinder head for a valve grinding job.

**Kerosene Remedy**  
Lack of compression in the farm tractor may be caused by sluggish or sticky engine valves. Engineers say this cause of power and fuel waste can often be remedied with a little kerosene. Start the engine, and after it has idled a while apply kerosene to the valve stems so that it works down between the stems and the guides. With an L-type engine head, a spark plug can be removed and kerosene applied through the hole. Kerosene is helpful because it cuts the gum and softens the carbon that accumulates on the valve stems and causes sluggish valve action.

**Diminish Overload**  
To prevent overloading the farm tractor, adjust the size of discs and disc plows to the power of tractors. If less draft is desired, the width of cut may be reduced or one or more discs may be removed. In operating in hard ground, weights should be used at the rear and front furrow wheels rather than on top of the frame or

## Third of Soy Seed Tested By UI Has 85% Germination

More than one-third of the 755 soybean seed samples tested by the University of Illinois College of Agriculture in recent weeks show a germination of 85 per cent or better, according to J. C. Hackleman, crops extension specialist.

Average total germination of every sample tested is 78 per cent. A total of 294 samples, or 39 per cent, show a total germination of 85 per cent or better; 18 per cent show 80 to 84 per cent, and 11 per cent tested 75 to 79 per cent. In all, about 1,000 samples have been received from farmers.

"We still find many samples of soybeans that are unsatisfactory for seed," Hackleman said. "This reemphasizes the importance of farmers making tests for moisture content and germination in sufficient time to enable them to locate seed from other sources if necessary."

"The agronomy department is testing soybeans for farmers who have 100 bushels or more seed for sale and who furnish information regarding variety present, moisture content and amount of surplus seed. Farmers should first take a representative sample of their beans to their local elevator, the farm adviser's office or the local AAA office, where moisture tests can be run smoothly. The person making the moisture test should give the farmer a signed statement as to the moisture content, which will be sent to the agronomy department along with a half-pound sample to be tested for germination."

Instead of sending samples to the college for testing, Hackleman says many farmers will wish to make their own tests at home. Two simple home tests are recommended. One method is to put the seed in a box or pan containing two to three inches of soil, or preferably screened sand, which has been moistened with hot or warm water. The other method is the rag-doll tester, with which most farmers are familiar.

A complete summary of the germination tests made by the college, showing names of farmers having available seed supplies which test 75 per cent or better, the amounts and moisture content are being prepared weekly by the agronomy department and sent to extension agronomists in states using varieties similar to those adapted to Illinois, county farm advisers, seed companies, agricultural agents of railroads, representatives of the U. S. Department of Agriculture and to farmers who have inquired as to available supplies of high-germination varieties that are recommended.

At least 100,000 bushels of good seed have already been distributed to growers through this testing service being offered by the College of Agriculture, Hackleman said.

**TRACTOR TIPS AND PLOW POINTS**

**Checking Valves**  
If the farm tractor lacks pep, better check up on valves and valve mechanism, says engineers of the U. S. Department of Agriculture. If there is rebound on each compression stroke when the engine is cranked slowly, the valves are closing properly. Lack of compression means waste of fuel and loss of power, and valve leakage permits hot exhaust gases to burn and warp the valves. Leaky valves may be caused by wear in an old tractor, but in a new tractor this power loss can generally be corrected without removing the cylinder head for a valve grinding job.

**Kerosene Remedy**  
Lack of compression in the farm tractor may be caused by sluggish or sticky engine valves. Engineers say this cause of power and fuel waste can often be remedied with a little kerosene. Start the engine, and after it has idled a while apply kerosene to the valve stems so that it works down between the stems and the guides. With an L-type engine head, a spark plug can be removed and kerosene applied through the hole. Kerosene is helpful because it cuts the gum and softens the carbon that accumulates on the valve stems and causes sluggish valve action.

**Diminish Overload**  
To prevent overloading the farm tractor, adjust the size of discs and disc plows to the power of tractors. beam, where they cause excessive wear and strain on working parts.

For best performance, adjust disc scrapers so they just miss touching the disc near the center, and with the wing a quarter inch from the disc surface.

To keep the disc rolling, U. S. D. A. engineers suggest that wood bushings be replaced before they wear to a point where the bearing housing wears on the spool.

Before using a new plow, engineers suggest that the farmer measure the down suction and land suction of the share, and make a record of the measurements. Later, when the share needs sharpening, it can be given the same degree of suction.

**Beating Adjustment**  
A wobbly rolling colter increases draft and makes a ragged plowing job. Hence colter bearings should be adjusted snugly to run true and vertical but freely, replaced if badly worn. Generally colters are set to cut one-half to one inch wider than the share, and the width of two fingers above it.

**Jointer Position**  
Best position for the jointer on a plow is just far enough behind the colter hub to prevent dirt and trash wedging against it and low enough to cut a three-cornered ribbon of soil about 4 inches wide and usually not more than 2½ inches deep. Farm engineers say when a jointer is used without a rolling colter, its point should be set approximately over the point of the share, the same as when a disc jointer is used.

### Easter Concert

On Sunday evening at 8:30 members of the choral department of the Amboy Township high school, under the direction of Jack Paul Swartz, rendered a beautiful program of timely Easter music. The program was given as follows:

Trio—Mary Long, Hazel Joyce Hughes, Harriet Hatch.  
Soprano—Mary Long.  
Boy soprano—Charles July.  
Director—Jack Paul Swartz  
Accompanist—Rita Eisenrich  
Prelude, Moments Musical—Schubert

Easter chorus and The Lord's Prayer—Swartz.  
Non Noleis Domine—Byrd  
Ave Marie—Schubert.  
O Turn Thee—Gounod  
Beautiful Savior—Crusader's Hymn

O Gladsome Light—Arkangel-sky.  
Lovely Appear—Gounod  
If With All Your Hearts—Mendelssohn

O Sacrum Convivium—Palestrina  
The Voice of Praise—Mozart  
Lift Thine Eyes—Mendelssohn  
O Come! O Come Emmanuel—Gregorian Tune

Nune Dommitis—Arkangel-sky  
Ave Marie—Bach-Gounod  
The Heavens Are Telling—Haydn

Benedictus—Gounod  
Miss Clara Klapprodt was in charge of decorations. A very good crowd enjoyed the affair.

### Visit Son

Mr. and Mrs. Clarence Dewey, son Roy and daughter Elveta returned on Monday after visiting their son First Class Private Clarence Dewey, who is stationed at Camp Forrest. They left on Thursday and spent Friday, Saturday and Sunday visiting with him. He is studying to be head chef and will receive his diploma in about two weeks. In the kitchen where he works it requires 65 pounds of meat and 100 pounds of potatoes at each meal besides vegetables, fruit, bread, butter, milk and dessert. On Saturday evening they all attended the Grand Old Opera in Nashville. Leaving on Sunday evening they motored to Raymond, Ill. where they visited their son-in-law and daughter, Mr. and Albert Smith and daughter, Dorothy Louise. When returning home on Monday they were within 15 miles of the tornado and drove in water up to the running boards.

### Baby Born

Mr. and Mrs. David Jones of Oregon are the parents of a baby girl born Saturday, March 21 at the Amboy public hospital. The baby weighed seven pounds.

### Dinner Guests

Mrs. Marion Dyer and daughter Rogena, Mrs. Helen Cox and son Laverne were Sunday dinner guests of Mrs. Catherine Burdardt of West Brooklyn.

### Contract Party

Mrs. O. C. Holt entertained the following ladies at contract at her home on Wednesday evening, Mrs. O. W. Funkhouser, Mrs. Lester Ullensvang, Mrs. Herman Bachofen, Mrs. Ralph Ruckman, Mrs. A. D. Neis, Mrs. John Wagner, Mrs. William Hull, Mrs. William Wadleigh, Mrs. John J. Haas, Mrs. August Marchisi, Mrs. James Marchisi, Mrs. James Dominetta, Mrs. Harold Peipet, Mrs. L. S. Griffith, Mrs. John M. McGowan, Mrs. Robert G. Nowe, Mrs. Eno Aschenbrenner, Mrs. W. F. Holladay, Mrs. H. N. Parker, Mrs. Robert Reinboth, Mrs. Sheldon Zeigler, Mrs. Nieta J. Vaughn, Mrs. Harry Longman and Miss Irene Branigan. Prizes were won by Mrs. Funkhouser, first; Mrs. Ullensvang, second; Mrs. Bachofen, honor; Mrs. Ruckman, all cut and Mrs. Neis, consolation. Late in the evening a two course lunch was served on tables decorated in keeping with St. Patrick's Day.

### Moving

Mr. and Mrs. Elmer Long and family moved from the house they recently sold to the Rose Koenig house on South Mason Ave which was vacated by Mr. and Mrs. Simcox, who have moved into the upstairs apartment of the Graves building. Mr. and Mrs. Sam Thompson are moving from their house on North Mason to the house vacated by Mr. and Mrs. Frank Ottenheim, who are to occupy the west apartment of the Charles Leager house on West Division street, which Mr. and Mrs. John Ottenheim have been living in. Mr. and Mrs. Paul Clous, who have been living in the Mrs. Carl Saratorius cottage on North Mason avenue are moving to Peoria where he has secured employment and Mr. and Mrs. John Ottenheim will occupy this home. Mr. and Mrs. Henry Poston and two children have moved into the upstairs apartment in the Mike Mihm home. Mr. Poston is an architect and is employed in the defense project near Amboy.

### To Chicago

On Sunday Mr. and Mrs. John Reilly, Jane Reilly and Jack Ditsch motored to Chicago and spent the day at the home of Mr. and Mrs. A. J. Noonan and fam-

## They'll Do It Every Time

ily. Miss Rita Brady, who has been working in Chicago, returned home with them.

### Attend Wake

Mr. and Mrs. Frank Brady, Mrs. Phillip Bondi, Miss Virginia Underwood, Attorney and Mrs. Ed Sullivan, Dr. and Mrs. Gene Sullivan, Mrs. Frank Meeks, Mr. and Mrs. Leo Lauer, Mrs. Jim Meade, and Mrs. Tom McGovern were among those from Amboy who attended the wake of Mrs. John Buckley at Dixon Thursday evening.

### Here and There

Mr. and Mrs. Wayne Hoyle of Freeport were guests of her mother, Mrs. Elsie Jones and family on Saturday night.

Mary Jean Full spent Saturday in Dixon with Mr. and Mrs. Cletus Full.

Miss Isabelle Bach is again a patient in St. Francis hospital in Freeport.

Little Eugene Jones of Oregon is staying with his grandparents, Mr. and Mrs. Ed Jones while his mother is in the hospital here.

Frank Dempsey of Gary spent the week end with his mother, Mrs. Augusta Dempsey.

Mr. Stitzel is doing some repair work on his house on Metcalf avenue. This house was formerly the Arthur Glass home.

Private Charles Scott of Scott Field came Saturday evening to visit his parents, Mr. and Mrs. Ollie Dickinson over Sunday. He is attending radio school and likes it just fine. Since his induction he has gained fourteen pounds. On Sunday their son, Oliver telephoned from Great Lakes and said he is fine and expects to be home next Sunday.

## OHIO

MRS. ESTHER JACKSON  
Reporter

At the Thursday bridge club which met last week with Mrs. Juanita Hey, prizes were won by Mrs. Orpha Sullivan and Mrs. Breda Faley.

Mr. and Mrs. Edward Duffy and Mrs. O. L. Stevenson were Dixon visitors last Thursday.

Joseph Spohn, who has been employed for some time in the office of the Vandallia Leader, has enlisted in the U. S. Navy and expects to leave within a few days for St. Louis.

Marvin Sullivan, student at Monmouth college spent the week-end with his parents, Mr. and Mrs. Fred Sullivan.

Mrs. Conrad Knuth and little daughter Antoinette returned home Wednesday from an extended visit with her parents, Mr. and Mrs. Henry Montavon in Maytown.

Mr. and Mrs. Wallace Monier and Mr. and Mrs. George McGonigle spent Wednesday in Chicago.

The Ohio Good Housekeepers club will meet with Mrs. Mary Enright at her home in Princeton on Tuesday afternoon, April 7, with Mrs. Lizzie Knight, assistant hostess.

A large crowd was present to enjoy the St. Patrick's Day dance and card party which was held in the Ohio opera house last Tuesday evening under the sponsorship of the sodality of the Church of the Immaculate Conception. Music was furnished by Jimmy Girkins orchestra of Kewanee. Prizes in bridge were won by Mr. and Mrs. W. F. Anderson and in euchre by Miss Ella Gorman of Ohio and James Moland of Princeton.

Mrs. Fred Gonnerman of Natusa spent last week with her daughter, Mrs. Christine Ackerman.

Mrs. Harriet Neis and Miss Margaret Anderson were guests on Wednesday at the A. D. Neis home in Amboy.

Mrs. Ellen Mary Denbo, R. N., is on special duty in the Princeton hospital.

Miss Sue Boyer of Chicago spent the week-end with her sister, Mrs. Edw. Loan, and family.

Mrs. Gilbert Anderson and little daughter Maxine visited her

sister, Mrs. E. R. Stevenson in Princeton last Monday.

Mrs. G. D. Morton has been visiting her daughter, Mrs. T. M. Calhaver and family in LaGrange, her son Carlyle and family in Joliet, and with relatives in Aurora.

Several friends from this place attended the funeral services for the Rev. Ezra Plapp which were held Saturday afternoon in the Red Oak Evangelical church. Rev. Plapp who was a former pastor of the Red Oak church, passed away Thursday in a Freeport hospital.

Mr. and Mrs. William Denbo and their daughter, Mrs. George Anderson and little son Teddy accompanied the former's father to Peoria Wednesday where he will visit relatives for a few days before returning to his home in Indiana.

## POLO

Mrs. Eva Trump  
Phone 213X

Mr. and Mrs. W. C. Bell and son, William, and Mrs. J. N. Germaine of Rockford called on Mrs. J. V. Tavenner on Monday.

Mr. and Mrs. Melvin Beck and family of Mt. Morris and Robert Beck of Rochelle, were dinner guests in the Roy Beck home on Sunday. Afternoon callers in the Beck home were Mrs. Flora Crouch, Mrs. Ella Webb and Mrs. Pauline Myers.

Mr. and Mrs. Will Wilder of Rock Falls were Polo visitors Monday afternoon.

The Friendship circle of the Brethren church will meet on Thursday afternoon with Mrs. Bertha Stauffer. The answer to roll will be a current event on temperance. All the ladies of the church are invited.

Mrs. Robert Hollenwell entertained her bridge club at her home on North Franklin street last evening.

### Returns from Hospital

Mrs. Jennie Wilder who has been a patient in the Dixon hospital for the past seven weeks, returned to the home of Mr. and Mrs. Oscar Trump, with whom she makes her home, this morning.

### Ag Boys Banquet March 26

The annual FFA and part time school banquet will be held in the high school gymnasium on Thursday evening. This year it is to be a parent and son banquet because the boys voted to invite their mothers as well as their fathers, this year. A good program is being arranged. J. B. Adams, vocational agriculture teacher from Harvard, Ill., is to be the speaker. The banquet will be served by the girls of the home economics department under the supervision of Miss Patricia Hudson.

### Farm Institute Conference

Local officials of the Ogle County Farmers' Institute will attend the 13th congressional district conference to be held in Freeport in the federal building on March 25. Plans will be made for the coming institutes in this county.

### Buffalo Grove School Notes

All the children who had the measles are now back to school.

Mrs. George Wagner and Mrs. Kenneth Moats were visitors at the school on Monday afternoon.

Mr. and Mrs. Fred Frawert and Rev. Pittman were entertained at dinner in the A. O. Barnes home on Sunday and helped Mrs. Nettie Barnes celebrate her birthday.

Mr. and Mrs. Henry Buisker and daughter, Helen, and Mr. and Mrs. Albert Weaver and son, Jimmy, were guests in the Charles Weaver home on Sunday.

Mr. and Mrs. Will McCord and Mr. and Mrs. Donald Coursey and son, Donald of Sterling were Sunday evening callers in the Jesse Coursey home.

Mr. and Mrs. David Boley and Mrs. John Rohrer were Sunday afternoon callers in the Alonzo Bell home.

The cucumber probably was first grown in northern India.

## ASHTON

Mrs. Grace E. Linscott  
Reporter. Phone 205

Relatives here received word of the death of Mrs. H. H. Vaupell, wife of Dr. H. H. Vaupell of Chicago. Mrs. Vaupell has been in ill health for some time and is survived by her husband, one son and one daughter all of Chicago. Funeral services were held on Tuesday afternoon of this week and burial took place in Chicago. Dr. Vaupell will be remembered as the son of the late Mr. and Mrs. Jacob Vaupell, former residents of this place.

Miss Helen Winger of Dixon spent the week end at the home of Mrs. Lillian Eckhart.

Ruth Heibenthal who attends business college in Dixon was a week end guest at the home of her parents, Mr. and Mrs. Harvey Heibenthal.

Mrs. August Engelkes and infant son Jerry Allen were dismissed from the Lincoln hospital in Rochelle Sunday. Mrs. Engelkes, the former Miss Lorena Butler, is now convalescing at the home of her parents, Mr. and Mrs. Boyd Butler.

Mrs. Ray Wirth of Moline spent several days last week at the home of her parents, Mr. and Mrs. Adam Witzel.

Mr. and Mrs. Roy Heibenthal and Mr. Heibenthal's sister, Mrs. Emma Yenerich, returned home Saturday after spending the winter months at Bradenton, Florida. They spent a most pleasant winter in the south, and enroute home visited many interesting places along the east coast.

Miss Carol Kersten, a student at Illinois State Normal University spent the week end at the home of her parents, Mr. and Mrs. Fred Kersten.

Wallace C. Yenerich who is a patient at the Municipal sanatorium in Rockford visited over the week end with his parents, Mr. and Mrs. W. H. Yenerich.

Miss Ariene Schmidt of Rockford visited over the week end at the home of her parents, Mr. and Mrs. Fred Schmidt.

Misses Clara and Mina Krug of Rochelle were week end visitors at the home of their parents, Mr. and Mrs. Charles Krug.

Mr. and Mrs. Raymond Ackerson and family have moved to the property of Mrs. Mary Bohart in the southwest part of town.

Privates William Jeter, George Droegge and Howard Sutton of Fort Knox, Kentucky, spent the week end at the home of their parents and friends.

Coach T. A. Vaux of the Ashton Community high school and ten boys of the basketball squad returned home Sunday noon after spending several days in Champaign where they attended the state basketball tournament. The boys report having had a fine time.

Miss Mary Pletzing, who is employed in Rochelle visited over the week end with her parents, Mr. and Mrs. John Pletzing.

Mrs. William H. Hart and daughter Miss Lucile spent Monday in Chicago. They were accompanied to the city by Miss Orla Kersten and George Yenerich, who are music students of Miss Hart.

Mr. and Mrs. Robert Ross of Chicago were week end guests at the home of Mrs. Ross's aunt, Miss Mary Charters.

Mrs. Lloyd Attig entertained the members of the birthday club at her home on Friday afternoon in honor of the birthday anniversary of Mrs. Robert Knapp. Games were enjoyed and delicious refreshments were served.

Mrs. Ida Batchelor, Mrs. Ruth Becunier and Miss Elizabeth Andrus were supper guests on Saturday evening at the home of Mrs. George Putman.

HERE ARE THE

# FACTS

ON WHAT THE RECENT

WPB RULING ON CLOTHING MEANS

# TO YOU!

There have been a lot of stories making the

rounds lately about how strange men

are going to look in the

new "Victory Models." Newspapers,

magazines, and news-

reels have talked about—and pictured

—men wearing suits with

no lapels, suits with extremely short coats, suits with skimpy trousers, etc.

Our answer to all such propaganda is just this: NO IMMEDIATE CHANGES OF

ANY IMPORTANCE ARE GOING TO TAKE PLACE IN THE STYLING OF MEN'S CLOTHING!

IN THE FIRST PLACE the order only affects clothing manufactured after March 30th!

In other words—because we have to plan about 6 months ahead, all of the clothing that we have in stock for spring and summer was ordered—and tailored—months ago—and it is absolutely no different in design than the clothing we've been showing this season, last season or the season before.

ACTUALLY, the only thing that will happen to the clothing you buy from us after March 30th is that the trousers won't be styled with cuffs:

You'll agree with us, we're sure, that a change as insignificant as this isn't going to cause any great hardship. After all, dress clothes never have had cuffs, and cuffless trousers for regular suits have often been an accepted style in the past.

THE OTHER POINTS covered in the WPB ruling—namely that coats will be shorter (by only half an inch, however), that double-breasted suits will be vestless, that there can be no more two-trouser suits and that trousers cannot have pleats, apply exclusively to clothing made AFTER March 30th . . . and, we repeat, such clothing, for the most part, won't be available in our store until early next fall!

AFTER SEEING THE DETAILS OF THIS RULING IN BLACK AND WHITE, THERE'S REALLY NOTHING TO WORRY ABOUT... NOW IS THERE?

In conclusion, we urge you to remember this: no matter what happens Hart Schaffner & Marx clothes will continue to be the best available in quality, fit and good looks. This has always been true of these famous clothes regardless of the times—and it will hold true as long as Hart Schaffner & Marx are in business!

BUY ONLY THE CLOTHING YOU NEED!

BUY AS MANY DEFENSE BONDS AS YOU CAN!

## Dixon Evening Telegraph

ESTABLISHED 1851  
Published byThe B. F. Shaw Printing Company, at 124 East First  
Street, Dixon, Illinois, Daily, Except Sunday.For additional information concerning The Tele-  
graph, its terms of subscription, etc., see first col-  
umn on classified page.

## A Thought for Today

Great men are not always wise.—Job  
32:9.Knowledge is proud that he has  
learn'd so much; wisdom is humble that he  
knows no more.—Cowper.

## On the Civil Liberty Front

Since the days when agents of George III kept  
ropes handy for the necks of too critical colonists,  
Americans indignantly, and usually with just cause,  
snap back, "It's a free country, isn't it?", when a  
freedom is threatened.You bet it's a free country. We are going to  
keep it that way, too, even if we must surrender  
some of our blood-bathed liberties for the duration.  
The price of liberty still is marked "eternal vigil-  
ance." And Thomas Jefferson's observation—"the  
tree of liberty must be refreshed from time to time  
with the blood of patriots and tyrants"—rings as  
true today as when he said it. When the exercise  
of certain freedoms by certain groups menaces the  
nation, however, it is time to take a look.The American Civil Liberties Union, an or-  
ganization which has done much to help to  
make our Bill of Rights more than a scrap of  
patriotic platitudes, objects to removal of Ameri-  
can-Japanese from vital West Coast areas. The  
union argues that these citizens might be deprived  
of some of their constitutional rights.Certainly Americans of Japanese ancestry re-  
moved from those zones suffer loss of some liberty.  
But isn't it preferable that they lose a few free-  
doms than for the traitors among them to blast war  
plants, air fields or guide invading forces?Take a more touchy case, involving freedom of  
the press, but one which no doubt causes the Propa-  
ganda Ministry in Berlin to rock with glee. This  
paper, published near Detroit, reaches few people,  
but by circulating its lies and half truths might  
drive a drastic division into our united front.Today with the United States at war with Ger-  
many, Japan and their camp followers, this paper  
has the gall to say that Jap aggression "is noth-  
ing more than an expansion of our own Monroe  
Doctrine"; that the super-race Nazis are the mil-  
lennium innocent victims of a "sacred war declared  
against Germany nine years ago by the Jews";  
that the idea of an all-out, United Nations offensive  
is "Moscow-born and will produce a defeat abroad  
and the liquidation of Americanism at home." In  
other words, the Japs are just dandy, the Nazis are  
nice and we should never, never think of taking the  
offensive in this war. Call MacArthur home.Few responsible persons demand curtailment  
of freedom of speech, press, assembly and move-  
ment. But if a few hotheads, by abusing the samefreedoms they would probably deny us if they were  
in power, threaten the security of all, it's about  
time to swap our silk gloves for brass knuckles.  
We are fighting to save the Bill of Rights and  
the way of life which it blesses us. Let's don't  
let anyone crawl safely behind that Bill of Rights  
in an effort to tear it from us permanently. Let's  
keep the Bill of Rights, but let's do right by the  
Bills, Toms, Jacks and Joes on Bataan, on the  
assembly lines and in the homes.

## Best Seller

The best selling book in America today has not  
been reviewed in the literary supplements or se-  
lected as the outstanding publication of the month.  
It is the Red Cross First Aid book, and it's even  
outselling the Bible.More than nine million copies have come off the  
press since Pearl Harbor, and the printers are try-  
ing to step up their production beyond the current  
100,000 a day. Red Cross headquarters estimates  
the book's readers are enrolling in first aid train-  
ing courses at the rate of 40,000 a day. Such words  
as tourniquet and pressure point and traction splint  
are finding their way into our everyday vocabulary.These figures should help to quiet the charge of  
"complacency," at least in one phase of our war  
effort. They indicate there are, throughout the  
country, persons who realize that "it can happen  
here," and who will be able to meet the emergency  
when and if the bombers come.

## Lo, the Lowly Bean

"Will you eat beans for democracy?" asks the  
New York City League of Women Voters, advocat-  
ing consumption of soy beans. Soy beans, in case  
you didn't know, contain the "moral" vitamin, for-  
merly known as vitamin B1.Remembering Henry Ford's resourceful use of  
that humble legume in automobile production, we  
offer an added suggestion. After the tires wear  
out, you might bolt down the old family car for  
soup, or throw it in with a hambone.

## Not Too Fond Farewell

Cease complaining, girdle-less ladies. Golfers,  
grumble not at the ban on golf balls. Moan not,  
motorists, that you cannot re-tire. A far greater  
blow has been struck at American civilization.  
Music may have the charm to soothe savage beasts,  
but not the dogs of war. Production of juke mate-  
rials are needed for planes.After the present supply runs out, no more  
beer hall Brahms and Bach, no filling station fu-  
gues. No more "Rose O'Day" and "Deep in the  
Heart of Texas" with your steak and onions. Once  
more platters will be something upon which food is  
served.

## Keep 'Em Working

It doesn't take an efficiency expert to tell us  
that idle tools are things of joy to our enemies.  
Dull chisels, rusty saws, and broken screwdrivers  
mean fewer implements of war. One of the great-  
est stores of idle tools and labor lies idle, or soon  
will, in the 44,000 commercial garages of the nation.The War Production Board estimates that be-  
tween 500 and 1,000 of these garages, fully equipped  
and manned with skilled labor, have been converted  
to war work. The others should be put to work  
as soon as possible. Production would be in-  
creased, considerable unemployment would be  
averted, and best of all, we would keep 'em work-  
ing to ax the axis.Lee County Votes  
In Judicial Meet  
Given to StranskyDelegates to Republican  
Convention Instructed  
for Savanna LawyerThe delegation from the Lee  
County Republican central com-  
mittee will go to the district ju-  
dicial convention at the Coliseum  
in Oregon on April 8th pledged  
to vote for Franklin J. Stransky of  
Savanna for the Republican nomi-  
nee from the Fifteenth judicial  
district for the Illinois Supreme  
court bench. This decision was  
reached in the fact of some oppo-  
sition at the meeting of 28 mem-  
bers of the committee yesterday  
afternoon in the county court  
room. Preceding the meeting  
Judge Stransky met with several  
of the committeemen in the su-  
pervisors' room on the first floor  
and at on stage of this meeting  
the doors were closed while other  
committeemen awaited the calling  
to order of the convention in the  
county court room.The instructed Lee county dele-  
gation was the result of the  
adoption of a resolution presented  
by Ed H. Stanley which ordered  
the Lee county delegates to vote  
as a unit for Stransky at the Ore-  
gon convention until such time as  
released from this obligation by  
him. Fred Wagner seconded the  
motion to adopt the resolution. In  
the discussion which followed, it  
was agreed that each committe-  
man in voting would be credited  
with the vote cast in his precinct  
at the last judicial election. Nine-  
teen voted in support of the res-  
olution while nine were opposed as  
follows:

## How They Voted

Aye—M. M. Fell, Everett  
Barnes, Fred Wagner, George  
Schnuckel, Wilder Richardson,  
George Spangler, Fred Gross, Ed  
H. Stanley, Clinton Emmert, Jo-  
seph Murphy, Louis Atkins, Ivan  
Wallace, Robert Hunter, Alf Clat-  
worthy, Lyle Frost, Dave Moore,  
George Webber, John Grove and  
Frank Nangle.Nay—Fred Kersten, Robert  
Sterling, L. G. Grampp, James  
Curran, Robert Anderson, Glen  
Coe, Martin Lenox, Stoddard Dan-  
ekas and Sam Miller.Not voting—H. C. Warner.  
After a canvass of the vote  
Chairman Warner announced that  
the result represented 3,642 votes  
for the Savanna candidate while  
2,429 voiced opposition.Committeeman Stanley then  
moved that the vote be made  
unanimous for Stransky and in the  
roll call no dissenting voices were  
heard, the chairman announcing  
the result as being unanimous. The  
Savanna candidate, who had been  
just outside the court room during  
the convention, was then called to  
the floor and thanked the commit-  
tee for the unanimous endorse-  
ment and announced:"I will be a two-fisted fighter  
to lead the fight with the help of  
yourselves and others in the dis-  
trict."He indicated in his brief re-  
marks that he would lead the  
fight until the election on June  
1st.

## Delegates Chosen

At the outset of the meeting,  
Chairman Warner appointed a  
committee of three consisting of  
Robert Sterling, Fred Kersten  
and George Webber, who retired  
to compile list of delegates and al-  
ternates to the Oregon gathering.  
The committee's report was ac-  
cepted as follows:Delegates—H. C. Warner, Sam  
Miller, Robert Anderson, Fred  
Wood, George Spangler, Fred  
Wagner, Fred Gross, M. M. Fell,  
Ed H. Stanley, Robert Sterling,  
Louis Atkins, Fred J. Kersten,  
George Webber, Clinton Emmert,  
Dave Moore, Joseph Murphy, Glen  
Coe, James Curran, Louis  
Grampp, Everett Barnes, Stad-  
dard Danekas, John Crawford and  
Alf Clatworthy.Alternates—Mildred Grampp,  
Nelle Ommen, Nina Stabler,  
Laura Miller, Grover V. Gehant,  
Sterling D. Schrock, Floyd Searls,  
George B. Stephan, Ira Rutt,  
Harry Herbst, J. E. Vaile, George  
B. Shaw, Ward T. Miller, Leroy E.  
Bates, Gilbert P. Finch, John  
Mills, John Grove, Henry M.  
Chacon, Ray Archer, George Wel-  
ty, Edwin S. Rosecrans, Fred  
Greer and Morey C. Pires.During the period the com-  
mittee was selecting delegates and  
alternates, short talks were made  
by Dennis J. Collins, DeKalb, can-  
didate for state senator; Frank E.  
Nangle, Paw Paw, candidate for  
legislature; Joseph Murphy, com-  
mitteeman; Sterling D. Schrock,  
candidate for re-election for coun-  
ty clerk; Ward T. Miller, candi-  
date for sheriff; John Torrens,  
candidate for county superintend-  
ent of schools; Judge Grover Ge-  
hant; State's Attorney Morey C.  
Pires; Stoddard Danekas, Martin  
Lenox and Paul Sodergren.

## Child's Slacks

Very practical and cunning for  
little tots are pinafore slacks with  
matching bonnets that are made  
with a view to stressing the "pre-  
tty" look. Chambray and seersucker  
are favored fabrics for these  
suits.The Bank of Sweden, founded  
in 1668, claims to be the oldest  
bank of issue in the world.The Jew's harp was originally  
known as the Jew's Trump.NEWS  
BEHIND  
THE NEWS  
By PAUL MALLON(Distributed by King Features  
Syndicate, Inc., reproduction in  
whole or part strictly prohibited.)Washington, March 23—A war  
fever is rising and running loose  
through our political and economic  
discussions. You hear daily out-  
cries now leveling the bitter term  
of "nazi" against many thorough-  
ly American people whose only  
crime is conscientious disagree-  
ment about methods. "Lies," "lies,"  
"lies," was the headline in one  
New York paper last week ac-  
cusing its antagonists in the la-  
bor discussion as to how to get  
the utmost production. On the  
other hand the nazis are charging  
on their radio that Roosevelt is  
trying to "sovietize" the American  
system. As always when fervor  
supplants reason in a democracy,  
the enemy is the only winner.It is not all as simple as a ques-  
tion of "nazi" or "lies" or that  
slimy word "sovietize." The an-  
swer to our problems will not be  
found in the dictionary. The solu-  
tion for unity and victory will not  
be discovered by adding confusion  
to questions confronting us.For instance, William Green,  
levelheaded president of AFL gave  
some testimony that was over-  
looked in the sensationalism of his  
charge that some organized propa-  
ganda lies were told against labor  
in Oklahoma. Senator O'Mahoney  
of Wyoming told him some pro-  
tests against labor were certainly  
genuine, that these originated  
"with a very loyal and patriotic  
sentiment upon the part of our  
people who demand the utmost ef-  
fort be devoted to carry on the war.""I agree with you that the basis  
of it is psychology," replied Green.  
"It is a psychological condition, a  
state of mind has been created  
throughout the country."Any implications that the  
nazis are responsible for  
trying to push labor toward  
greater production just does  
not make sense. Production  
is the last thing the nazis  
want. Their propaganda is  
taking the opposite line that  
Roosevelt is trying to "sov-  
ietize."But even the situation around  
that word "sovietize" is not as  
simple as it sounds. The only  
noticeable propaganda of conse-  
quence along that line in the de-  
mocracies has been a pronoun-  
cement of Sir William Beveridge  
governing that Britain scrap party  
government, the public system  
and autonomous trade unions—  
a pronouncement which gained the  
dignity of publication in the con-  
servative and apparently confus-  
ed London Times. It has been re-  
distributed in this country and  
has scared many business men  
because Sir William held two  
cabinet posts in the last war and  
was director of the London School  
of Economics.What has not been made clear  
is that Sir William, despite his  
great energy and ability, has im-  
agined himself in some economic  
eccentricities in the past. At  
least one of his former students  
has the idea he believed business  
cycles were caused by fluctua-  
tions in agricultural production  
and in turn were influenced by  
sunspots, which may have some  
validity but is certainly primitive.In truth, government in Britain  
and the U. S. now controls distri-  
bution of income, limits profits,  
directs distribution of labor in  
some degree without sovietizing  
anyone in the Russian manner.  
Take profits. England limits  
these by heavy excess profits tax-  
es as we do. Also in England no  
one can make more than \$27,000  
a year. We control individual  
income in numerous tax ways,  
and we say what you can do with  
your income to some extent—you  
can't buy tires, autos, rubber, tin,  
sugar, etc. Voluntary or direct  
restraints on labor are now the  
subject of discussion in congress.The big difference Sir William  
advocates is that the people, the  
unions, business be made agents  
of the state, rather than free  
units. That is just the difference  
between democracy and dictator-  
ship. It is not a question of  
government controls. It is a ques-  
tion of method. We have some  
controls. Nearly everyone seems  
to think we need more—particu-  
larly now controls over prices,  
wages and profits. (Mrs. Roose-  
velt thinks so.) But the point is  
we want to effect these controls  
in the democratic manner and not  
in the soviet manner.To state and clarify what ap-  
pears to me to be the purpose  
which is being obscured in the  
swarm of feverish words: The  
people want elections, party gov-  
ernment, congress, but they want  
these adapted to war uses for ut-  
most efficiency. Give the execu-  
tive great controls, but only for  
the duration of war and war (not  
political) purposes. Let congress  
prescribe that these powers  
should be returned afterward.  
They want labor unions to remain  
free, but they also want the ut-  
most production from these uni-  
ons. They insist on the same  
from business. They want to de-  
bate and argue among them-  
selves to find the best methods of  
winning the war as conscientious  
free men should, without having  
feverish germ carriers spread  
their enmity into the war effort  
by shouting "nazis," "lies" on one  
side or "sovietizer" on the other.

## F. D. R. FOR NYA, CCC

Washington, March 24—(AP)—  
President Roosevelt today opposed  
a bill to abolish the National  
Youth Administration and the  
Civilian Conservation Corps and  
said the agencies should be contin-  
ued as a part of the country's war  
effort.Read the ads in this paper now

MRS. DAN HUNTZBERRY

(Telegraph Special Service)

Oregon, March 24—Funeral

services for Mrs. Dessie Draper

Huntzberry of near Foreston, who

passed away Monday at a Free-

port hospital, will be held at the

Farrell funeral home here at 2:00

o'clock Wednesday afternoon, with

the Rev. Paul E. Turk, pastor of

the Oregon Methodist church, of-

ficiating. Burial will be in Oak-

wood cemetery at Mount Morris.

Dessie Draper was born in

Smithsburg, Md., Sept. 5, 1880 and

was married in February, 1901, to

Daniel Huntzberry, who survives,

together with three daughters,

Mrs. Laura Binkley of Polo, Mrs.

Daniel Garber of Haldane and

Miss Ruth of Moline; two sisters,

Mrs. John Wetzel of Rockford and

Mrs. Welty Stettleyer of Myers-

ville, Md.; two brothers, Samuel

and Norman Draper of Smiths-

burg, Md., and three grandchil-

dren. Two brothers and a sister

preceded her in death.

## THE SUN-DIAL

By H. L. Phillips

## LETTERS ON THE

## NEW TAX BILL

Dear Mr. Morgenthau:

I have just looked over your  
new tax proposals. Am I being  
taxed, sued or vacuumed?

A TAXPAYER.

Dear Henry:

Your 1942 tax proposals read.  
Inclosed find blank check with my  
signature attached. Fill out for  
any amount you wish and send me  
a dozen crullers, a few cans of  
coffee and an Indian blanket.

PATRIOT.

Dear Hen:

Please arrange with trucking  
company to come to my house and  
get furnishings, garden tools,  
clothes, etc. Also send van for  
wife, children, dog, cat, goldfish  
and canary. You have arranged  
to take everything else. Love,

ELMER TWITCHELL.

Dear Morgenthau:

Once I was afraid of bankrupt-  
cy. Later I was afraid of infla-  
tion. Then I was afraid of war.  
But now I am afraid only of you.  
Looking over your proposals, I  
do not find any clauses requiring  
me to send in a gallon of blood,  
all my back teeth and my truss.  
Is this an oversight?

PUZZLED CITIZEN.

Dear Hen:

I have just read over your new  
tax proposals. It is the most  
complete work of its kind since  
"Correct Scapling" by Sitting  
Bull and "The Technic of Pelt and  
Skin Removing" by Buffalo Bill.  
Do you give trading stamps?

LOWER BRACKETS.

Dear Sir:

The new tax ideas are all right,  
but you could get more by an old-  
fashioned cider press and wringer.

PRO BONO PUBLICO.

Dear Mr. Morgenthau:

I am a single man, and after  
working hard all my life just  
managed to get into the \$3,000 a  
year class last year. I must pay a  
tax of \$221 this year and I see  
you want \$442 next year. I haven't  
even saved the \$221 for this year.  
Come, come, be sensible!

WORRIED.

Dear H. M.:

I am an American who has  
made a lot of money. I never won  
an Irish Sweepstakes, worked in  
Hollywood, got any inheritance or  
robbed any banks either. I am an  
inventor. My inventions were of  
great public benefit. The royalties  
have been quite nice. I had  
no idea it was all wrong until  
now. My income will be around a  
million, all from my own efforts,  
studies and brain power. You will  
take about \$900,000.You leave me with a curious  
feeling that I am withholding  
something from you. Will you  
please arrange to take the rest?  
I am also sending you my gold  
cuff links.

A VICTIM OF SUCCESS.

Dear Treasurer:

I just about get under the wire,  
and make \$48 a week as a married  
man with two kids. The wife and  
I are always asking, "Where the  
hell does it go, anyhow?" My tax  
to be paid this March is \$58 which  
I have no idea where to dig up.  
And you want \$116 next year! If  
I ever had \$116 left at the end of  
a year I would think I was J. P.  
Morgan. Are you serious?  
AN AMERICAN IN A HOLE.

Dear Sir:

I own a big factory. Or it's a  
corporation. Or something. Any-  
how, I have looked over your tax  
proposals and the plant is yours.  
All I want from you is a clam  
rake, a basket and a tide table.  
My whole life has been misdirect-  
ed.

JASPER.

—From The New York Sun

## Hold Everything

"Look, Sarge—a couple of the artillery boys pinned this  
medal on me!"

## Enlightening!

Lillian Moore shows a television  
audience how to wash swimming  
pool chemicals from her bathing  
cap, thus lengthening its life and  
conserving defense materials.Tire Dealer is Held on  
Charges of Sales After  
Freeze Became EffectiveLos Angeles, March 24—(AP)—  
Guy O. Bryan, retail tire deal-  
er, challenges constitutionality of  
the government's tire freezing  
and rationing order.Bryan admitted a recently filed  
government charge that he sold  
\$28,000 worth of tires after the  
freezing order but argued that it  
violated the due process of law  
section of the constitution."The office of Price Administra-  
tor doesn't say 'We need those  
tires for the armed forces and will  
take them off your hands,'" plea-  
ded Bryan's attorney, Webster  
Hazelhurst, in court yesterday. "It  
simply says 'You can't sell any  
tires. You can't dispose of your  
property.'"Judge Ben Harrison issued a  
temporary order restraining Bryan  
from selling tires. He said a ques-  
tion of law was involved and he  
would hear arguments concerning  
a permanent injunction. No date  
was set.

## Years Ago

(From Dixon Telegraph)

H. P. Eysenbach, a German  
chemist, is conducting a survey  
in Dixon with the view of estab-  
lishing a piano factory here.Milo Stratton today received  
orders from Manager Cantillon of  
the Milwaukee baseball club of  
the American Association to re-  
port in Chicago Sunday.Clyde Smith was elected Ex-  
alted Ruler of Dixon lodge of  
Elks at the annual election last  
evening.

## 25 YEARS AGO

A five passenger Oldsmobile  
belonging to Mark Smith was  
stolen from in front of the Robert  
Fulton residence last evening.About 30 prominent stock  
broaders of Lee county held a  
meeting in Amboy yesterday af-  
ternoon.

## Boy Scout News

Troop No. 85—Boy Scouts of  
America will plan a hike for the  
spring vacation when their weekly  
meeting is held on Thursday eve-  
ning at 7 p. m. The hike will be  
held some day during the spring  
vacation week, and will be open to  
all to have passed their tenderfoot  
tests. Several new boys attending  
the troop are working hard on  
tenderfoot tests, two having prac-  
tically completed them at the last  
meeting. The troop meets each  
Thursday evening at 7 p. m. at  
Bethel U. E. church on the north-  
side. Openings for ten more boys  
in the troop have been announced.  
Any boys desiring to join should  
visit the meeting.

## DOCTORS ARE NEEDED

New York, March 24—(AP)—  
All doctors, dentists and veteri-  
narians in the United States will  
receive questionnaires next week  
to determine how they can best  
serve in the nation's war effort.Announcement of the projected  
mailing of questionnaires was  
made by Major Samuel F. Seeley,  
director of the procurement and  
assignment service of the Office  
of Defense Health and Welfare.He added that the commission-  
ing of medical men, so far as  
possible, would be kept on a vol-  
untary basis.Samuel Taylor Coleridge was an  
English philosopher and poet.  
Samuel Coleridge-Taylor was an  
English composer.

## OGLE COUNTY WOMAN, WHOSE GRANDFATHER CAME WEST IN 1837, REACHES 95 TOMORROW

Mrs. Clarinda Spencer Elsey will observe her ninety-fifth birthday anniversary tomorrow at the home of her son-in-law and daughter, Mr. and Mrs. Ben Duffey, at Hazelhurst, near Polo.

Mrs. Elsey was born near Freeport, the daughter of Mr. and Mrs. Allen Spencer. She spent her early girlhood in Eagle Point with her grandparents, Mr. and Mrs. Naaman Spencer, and later moved to Wisconsin with her parents. After a few years, she returned to Eagle Point, where she has resided since.

Mrs. Elsey is in good health, and is up and about her daughter's home nearly every day. Her grandfather, Naaman Spencer, and his eldest son, Allen (Mrs. Elsey's father), came to Illinois from Pennsylvania in 1837.

Her grandmother and the younger children came west the following year. They located on a government claim, just south of where the Eagle Point school house was built later. Mrs. Mildred Spencer Ethridge, a great-granddaughter of Naaman Spencer, now owns the farm.

Mrs. Elsey's uncle, Naaman Spencer, Jr. invented a number of agricultural implements, including the side elevator for threshing machines, and the Spencer plow. When a young woman, she obtained employment in a shop operated by Mason Cray, who tanned leather and made mittens and sheepskin coats. Mrs. Elsey made mittens by hand. Part of the building that was Mr. Cray's shop is still standing on the farm now owned by Clinton Geary.

Mrs. Elsey was married to Henry Elsey in 1870. He was born in England, was associated with the underground railroad, and saw service in the Civil war. He later became widely known for his writings on early Ogle county history, operated a general store in Eagle Point, and was postmaster for 20 years.

Forty-one years ago, Mr. and Mrs. Elsey moved to Hazelhurst, where his death occurred in 1920. Mrs. Duffey, with whom Mrs. Elsey has made her home since her husband's death, is the only one of the couple's three children now living.

Fur seals are mammals adapted to an aquatic life.

### Calendar

**Tonight**  
Junior Women's club—Address by A. V. Lund at Loveland Community House.

## Will Leave for Northern Campus

Mrs. R. E. Worsley expects to leave Friday for Northfield, Minn., to visit until Tuesday with her daughter, Evelyn, a second-year student at Carleton college. On Palm Sunday evening, she will attend the Carleton choir's performance of Haydn's oratorio, "The Creation," to be presented in the college chapel.

Miss Worsley will be singing in the alto section of the choir. In addition to the college orchestra, accompaniments will be played by 15 members of the Minneapolis Symphony, and Dimitri Metropoulos, director of the symphony orchestra, is to be guest of honor.

On Wednesday evening, Miss Worsley will be singing an aria from Carmen in a public recital at the college chapel. Three other music students will share the recital program.

Miss Worsley and Miss Elizabeth Warner, another Dixon student at Carleton, will be heading for Dixon next Thursday, to spend the Easter recess at home. Miss Alice Hintz, a former Carleton student, plans to leave Thursday for Northfield to attend the oratorio.

### BRIDGE-DINNER

Once each month, members of a bridge club entertain their husbands at dinner and contract. This evening, Mr. and Mrs. Henry Hey will be receiving at the Hotel Dixon. Their party numbers 16.

## Silver Jewelry

Typical of the popular new hand-wrought Mexican silver costume jewelry is this exotic evening set designed by Mary Contreras. Parrot clip combs in the hair have feather tails. The huge pendants are a fine gold. Less ambitious pieces turned out by native artisans are available at budget prices.

## Nears 95

Mrs. Clarinda Spencer Elsey, pioneer Ogle county woman, is pictured above with her great-granddaughter, Phyllis Weigle, youngest daughter of the Paul Weigles. Mrs. Elsey will observe her ninety-fifth birthday anniversary tomorrow at the home of her son-in-law and daughter, the Ben Duffeys, at Hazelhurst, near Polo. Her father, Allen Spencer, came west with her grandfather, Naaman Spencer, from Pennsylvania in 1837.

## CHAPTER AC HAS B. I. L. PARTY

B. I. L.'s as husbands of P. E. O. members are known, were guests of the distaff side last evening at Chapter AC's annual party. Mrs. C. F. Johnston, Mrs. H. A. Lazier and Miss Clara Armstrong were entertaining in the ladies' lounge of the Loveland Community House, with about 30 guests attending.

Half a dozen tables were formed for bridge play, with Mrs. George Fries and A. H. Lancaster receiving favors. Mrs. Helen McNamera and W. H. Haefliger won honors in another game.

Green tapers lighted the refreshment table, where Mrs. Haefliger and Mrs. Forrest J. Trautwein poured.

### SUNDAY GUESTS

Mr. and Mrs. Charles Mensch of Palmyra township entertained the following guests on Sunday: Mr. and Mrs. James McMurray and Julia Morris of Rock Falls, Jesse Morris of Rockford, George Willard and Irene Parks of Amboy, Edward Dempsey, Jr. of Dixon, Mr. and Mrs. Gordon Dempsey and son Ronald Gordon of Dixon.

### LURLINE CLUB

Miss Ann Eustace will be hostess to members of the Lurline club at luncheon tomorrow at The Coffee House. Attention will be turned to bridge games, following the luncheon.

## Clubwomen Meet in Chicago to Map War Work

More than half a million Illinois clubwomen will be represented when the Committee on Women's Organizations, Illinois State Council of Defense, meets in Chicago on Thursday to map a comprehensive program of war work in which it is hoped to enlist every woman in the state.

The meeting, which will be held in the Palmer House, was called by Mrs. Frederic W. Upham and Rep. Bernice T. Vander Vries, co-chairmen of the committee. Invitations have been sent to 23 representatives of state and national women's groups active in Illinois, each of which has designated a member to serve as a vice chairman of the committee. Mrs. Joseph T. Bowen, the only woman who served on the Council of Defense in the World War I, is honorary chairman of the committee.

The morning session is to open at 10:30 o'clock, and will be devoted to reports by vice chairmen on activities of groups they represent, and a discussion of how these activities can be best coordinated and expanded so they will enlist the aid of all women in Illinois. Every field of women's activities, from home to factory, and from Victory Gardens to civil protection, will be explored.

Talks on topics of vital interest to women will be heard at the afternoon session, beginning at 2 o'clock. Henry Pope, Jr., rationing administrator, Illinois State Council of Defense, will talk about rationing of automobiles, tires and sugar. Capt. William F. Waugh, a member of the State Council and chairman of the Civil Protection committee, will tell the women the measures that are being taken for protection of Illinois citizens and their property in event of air raids or other disasters.

Among those expected to attend the meeting and the organizations they represent are Mrs. Lowell C. Allen of Belleville, American Legion Auxiliary of Illinois; Mrs. Otto H. Crist of Danville, Daughters of the American Revolution; Mrs. Walter Trego of Hoopston, Girl Scouts; Mrs. Preston L. Wetlaw of Eldorado, Illinois Federation of Women's clubs; Mrs. A. R. Rolfing of Farmington, Illinois Home Bureau Federation; Miss Sarah E. Daily, R. N., of Decatur, Illinois State Nurses association; Mrs. Russell F. Lyon of Chicago, Illinois State Parent Teachers association.

### P-T-A SUPPER

Dr. F. L. Blewfield, newly-appointed home defense speaker, and Mrs. Marion Church, county nurse, will be speakers at a scramble supper which members of the Sugar Grove P-T-A. are planning for Thursday evening.

### FREEPORT GUESTS

Dr. and Mrs. August Johnson of Freeport were Sunday evening supper guests of Dr. and Mrs. Robert Lesage of 422 Ottawa avenue.

## Accent on Spring

Accent colors, all-important in Spring, 1942 fashion, are carried into the Easter corsage. This luminous white one is the modern manipulated type—five Easter lily petals with a cluster of carnation petals at center.

## DIXON BETHEL TO HAVE VISITORS

Dixon Bethel No. 59, Job's Daughters of Illinois, are announcing an official visit for 7 o'clock this evening at Brinton Memorial Masonic temple. Mrs. Mildred Grunwald of Beryyn, grand guardian, and Mrs. Clara Smith of Chicago, vice grand guardian, are to be present.

Refreshments will be served, following the inspection.

### BIRTHDAY DINNER

Birthday anniversaries of Oliver Maronde of Oregon, Jean Bergeson of Mt. Morris, and Betty Maronde were celebrated at Sunday dinner at the Maronde home. Guests were Mr. and Mrs. Earle Bratton, Harry Maronde, Mrs. Mabel Marquis and son Melvin of Franklin Grove, Jesse Marvin of Daysville and Frances Lohse of Mt. Morris.

Morris Maronde and Jesse Marvin entertained with Hawaiian and Spanish guitar selections.

### NEW ADDRESS

Mr. and Mrs. E. G. Hubert have moved from 625 Brinton avenue to 208 East Boyd street.

## Personals

Mrs. Edna Nattress spent today in Chicago.

Mrs. M. S. Owens has been discharged from the Katherine Shaw Bethel hospital, where she was a surgical patient last week, and is again at her apartment, 224 North Galena avenue.

Mrs. W. C. Durkes, who has been receiving hospital treatment in New York City, expected to reach Chicago yesterday morning for further treatment at Passavant hospital. Her condition does not improve.

Mr. and Mrs. Sam Watson have returned from a winter's visit in Arizona and California.

Mr. and Mrs. Alf Clatworthy of Harmon were Dixon callers yesterday afternoon.

Donald Rosecrans transacted business in Elgin yesterday afternoon.

Mrs. Sam Cramer is spending several days visiting with relatives in Chicago and Fox Lake.

Mrs. Wayne C. Smith returned home last evening from a two weeks visit with her son, William Smith and family at Schenectady, N. Y.

R. A. Joslyn returned home last evening from a business trip to Chicago.

Charles Yale, County Farm Advisor of Amboy, was a business visitor in Dixon today.

Mr. and Mrs. Frank Teeter and daughter and Mrs. Albert Haueter returned home this morning from

## A New Bow

Screen actress Juanita Stark's new pompadour hat takes a bow—right up in front. The bow is of grosgrain and the small crown is of black straw.

## Toya Straw

This toya straw bag (it's springy like rough linen) has a double wood frame in natural color. The model wears Eric's roll-brim hat.

Charles Case of Paw Paw transacted business in Dixon yesterday afternoon.

Attorney William Kehoe of Amboy was a Dixon business caller yesterday afternoon.

Robert Anderson, who is employed in the office of Attorney General Barrett in Chicago, visited in Dixon Monday.

Annual fall of dust and soot in Glasgow is estimated at 820 tons to the square mile, as compared with 248 tons in London.

## Likely Hospital Site to Be Picked in Illinois

Washington, March 24—(AP)—Although several sites have been surveyed in both states, Representative LeCompte (R-Ia) said today it was likely an Army hospital would be established in Illinois rather than in Iowa.

He gained this information, he said, from Major General James C. MacGee, Surgeon General of the Army, who indicated that communities under consideration in Iowa were too far west. The surgeon general specified no particular location in Illinois, LeCompte said.

"He told me," the congressman asserted, "that the final selection was up to the engineers at Rock Island."

## Rabbit Raising in Back-Yard Solves Problems

Washington, March 24—(AP)—A tip from the Interior Department:

Start raising rabbits in your backyard and reduce your family meat bill.

Dr. I. N. Gabrielson, director of the fish and wildlife service, gave the advice to a house appropriations subcommittee during hearing on next year's Interior Department supply bill.

"Rabbits," he said, "are the most economical meat producers and can be raised in suburban back yards and in the country with a very small investment. It is one sure way of reducing the family meat bill."

The original Koh-i-noor diamond weighed slightly more than 186 carats.

## MEMO TO ADVERTISERS

## HOW TO MEASURE Advertising Values

WE ASK advertisers to think of the circulation of this newspaper in terms of the distribution of their advertising—the size, quality and interest of the audience to which their advertising is addressed. From that viewpoint our circulation becomes a more direct factor in business plans.

There are well-known standards for circulation values just as there are definite measures of weight and quality as used in the purchase and sale of merchandise.

The standards for evaluating circulation have been established by the Audit Bureau of Circulations, a national cooperative association of 2000 advertisers, advertising agencies and publishers in the United States and Canada. This newspaper is an A.B.C. member.

The Bureau has a large staff of experienced auditors and each year one of these men visits our office and makes an audit of our circulation records. Based on the information thus secured, the Bureau issues official A.B.C. Audit Reports.

These reports tell how much circulation we have, where and how it is distributed, how much people paid (important because paid circulation proves reader interest) and many other facts that make it possible to invest in newspaper advertising on the basis of known values.

For complete and verified information about the distribution of your advertising when it appears in this newspaper ask us for A. B. C. reports.

## Dixon Evening Telegraph

This newspaper is a member of the Audit Bureau of Circulations. Ask for a copy of our latest A. B. C. report giving audited facts and figures about our circulation.

A. B. C. = AUDIT BUREAU OF CIRCULATIONS = FACTS AS A MEASURE OF ADVERTISING VALUE

# HEARD 'N' SEEN

By  
JOHNNY MITCHELL

**ON DECK AGAIN** . . . it must be a habit with LaMar Wells for he was on deck last night at the Dixon Recreation just as he is every Monday night . . . it's that one night a week set aside for the Ladies' Bowling League . . . last week we promised Jack Gannon a gold star if his attendance remained intact each Monday . . . but Jack was missing last night . . . however, we'll give him one more chance . . .

**INDEPENDENT TOURNEY** . . . Thursday, March 26, an Independent Basketball tournament will get underway in the Oregon Coliseum . . . competing teams will be from Oregon, Polo, Leaf River, Byron, Rockford, Monroe Center, Kings and Rochelle . . . forty-four trophies are being offered and are now on display in the "Bing" Kuntzelman barber shop in Oregon . . . the profits from the tourney will go to the Oregon annual basketball squad banquet . . . officials for the tourney are Maurice Seibert, R. L. Kiest, Coach Arthur Driver of Oregon high, Homer Keuther, John Vrona and members of the high school basketball team will act in some official capacity . . . the first game will start at 6:30 p. m., Thursday, with three more following it, three games on Friday and the consolation and finals on Saturday . . .

**TO ROCKFORD TOURNEY** . . . the Oregon Independent basketball team is entered in the Rockford annual basketball tourney for independent and semi-pro teams . . . they are scheduled to meet the Beloit Fairies in the Rockford Coliseum Sunday night at 7 o'clock . . .

**LADIES' LEAGUE DOINGS** . . . some novel doings happened in the Ladies' Bowling league last night . . . first and foremost was the business-like attitude of the Peter Piper gals who can really bowl when the going gets tough . . . in order to stay in the league's lime-light they had to fill their win column last night and they did just that as they added three games to the positive side of their standings . . . Mrs. Courtwright and Mrs. Harwood walked off with individual games honors last night as the former did a neat bit of kegling in turning in a 205 which was closely followed by the latter's 202 count . . . individual series glory went to Phyllis Carson as she turned in the evening's high with a 554 . . . The Dixon Florists copped off high team honors as they rolled the high team game for the night with a 911 and then proceeded to add the evening's high team series to their list as they turned in a 2615 . . .

**HERE FOR CERTAIN** . . . we've had all sorts of signs of spring listed here from time to time . . . such as Jimmy Kitchin's forecast on the ice departure from Rock River . . . young Gilbert's taking a swim in the river . . . Banty Ringer's flower garden in full bloom and several others . . . but Sunday provided the final symptom for a diagnosis of spring . . . when Maw and Paw, without running for the sulphur and molasses, lets Junior and Mabel go wading in the creek, up to their knees, then that's spring for certain . . .

**TOO BAD** . . . the court house cribbage team was given a cool reception when it met the West Brooklyn team captained by Rev. Guccione yesterday afternoon at the Brooklyn town hall . . . the meeting was the first of a series which was won by the Brooklynites by a score of 18 to 14 . . . Leroy Bates, captain of the Dixon team was assisted by Dr. R. RICE Dwyre . . . Horace Hartman . . . and Dave Kelly . . .

**BIG GAME HUNTING** . . . a while back Jeane Hemmen and her boy friend decided to do a bit of big game hunting but the closest they got to it was one of those magnificently lighted machines in some Windy City spot . . . you know it's one of those which uses nickels for ammunition . . . and Jeane did alright by herself as she rang up some neat figures . . . this particular machine game was called "Shoot the Moose" . . .

## TRAINING CAMP BRIEFS

(By The Associated Press)  
Daytona Beach, Fla.—Purchase of Stanley (Frenchy) Bordagaray by the Brooklyn Dodgers yesterday increased the rumors of a possible trade between the National League champions and the Detroit Tigers. The Tigers are trying to peddle Lou (Bobo) Newsom, holdout pitcher, on whom all American League clubs except Washington have waived.

Brooklyn is expected to offer Joe Medwick, former star St. Louis Cardinal outfielder, whose place in the Brooklyn outer garden has been usurped by Augie Galan.

Bordagaray's purchase from the New York Yankees hikes the number of Dodger outfielders to nine.

St. Petersburg, Fla.—Rookie Harry Breechen, snoutpaw pitcher, is among those St. Louis Cardinals driving Manager Billy Southworth to distraction. As the manager pondered what to do with five left handed hurlers, Breechen hurled four shutout frames against the Cincinnati Reds.

Hollywood—Lou Novikoff worked his way back to the Chicago Cub Varsity yesterday when he drove in six runs with a homer, a double and a single. Manager Jimmy Wilson has taken a liking to rookie hurler Jesse Flores, slim Mexican right hander.

Deland, Fla.—Manager Luke Sewell is wearing a broad grin, trimmed with crossed fingers, as his current spring training costume. His St. Louis Browns have combined power and tight pitching in chalking up six wins in eight exhibition starts. Bob Harris and Al Hollingsworth share today's hurling duties.

Los Angeles—The Chicago White Sox expect the arrival today of Luke Appling, their stubborn holdout shortstop. Indications are that Manager Jim Dykes will find plenty for the late-reporting infielder to do.

**EMMERICH CONFIRMED**  
Washington, March 24.—(AP)—The senate confirmed the nomination yesterday of Herbert Emmerich of Illinois as administrator of the U. S. Housing Authority.

If you fail to read the classified ad page, you are really losing out.

## Moody Institute Male Quartet Will Sing in Dixon Church Sunday

A mens quartet from Moody Bible Institute of Chicago will be in Dixon next Sunday and take part in all four services at the Bethel United Evangelical church on the northside. The quartet is known as the "Gospel Messengers Quartet" and provide vocal and instrumental gospel music.

They will accompany the Rev. James P. Harrison, director of the Institute, who is a personal friend of the Rev. R. S. Wilson, the local pastor. Decision Day services will be conducted in the church with a special program for the Sunday school hour at 9:45 a. m. and gospel messages at the morning and evening services. Motion pictures of the practical work department will be shown at the young peoples hour which will be at 6:30 p. m. in the church basement.

The Chicago clergyman and teacher was formerly pianist with the Harry Von Bruch, evangelistic party, and is known as a chalk artist and gospel musician as well as Bible Teacher. He teaches chalk artist work at the Moody Institute. Friends of the institute and their well known radio station WMBI will be welcome to the services next Sunday. The church is located on the corner of north Galena avenue and Morgan streets.

## "DYKE" EDDLEMAN MAY BE ELIGIBLE THIS SEASON

Champaign, Ill., March 24.—(AP)—Dwight "Dyke" Eddleman, great star of the State Championship Centralia basketball team, may be eligible to play part of next season with the University of Illinois five.

Eddleman announced he planned to enter Illinois and would enroll in the summer session. Under the recently revised Western Conference rules, two semesters of residence are required for competition on varsity teams. The previous requirement was residence for a calendar year.

Since the summer session is counted as a semester, Eddleman would become eligible in February of 1933, giving him an opportunity to play in about half of the Illinois Conference schedule.

Eventually the United States will be turning out one plane every four minutes.

# Piper Keglers and Budweiser Team Deadlock Ladies League

## Peter Piper Team Takes Three Over Plum Hollow Gals

### Eichler Bros. Win a Two-Game Victory Over Lorene

The Peter Piper's Ladies' bowling team, after a poor showing last week, came back last night with a splurge of accurate rolls in order to be reinstated in the ranks of glory as they dined the Plum Hollow gals in three straight games and gained a tie for first place in the Ladies' Bowling League with the Budweiser Garden women. Cook led the Piper victory by contributing the highest series of 498. Cline was high for the Plum Hollow team with a 406 series.

The Budweiser Gardens team had the chance to remain in an undisputed state at the top of the league ladder but after gaining a firm hold on a two game victory they lost the third to a heated rally on the part of the Bowman Bros. team. Harwood topped the Gardens list with a series of 533 and Courtwright was high for the Bowman ladies with a series of 449.

The Eichler Bros. bowlers took a two count over the Lorene Beauty team. A couple sisters, Detweiler and Shaulis, paced the Eichler win but kept things even between themselves as each rolled a series of 420. Messner rolled high for the Lorene ladies with a series of 413.

The Christos Grocers won a two out of three match from the Villiger Druggists. Johnson tripped the high number of pins for the Grocers as she turned in a series of 442. Huyett was high for the Druggists with a series of 477.

The Dixon Cafe keglers took the edge over Dr. Bend's bowlers in two out of three. G. Hammerstrom bowled high for the Cafe with a series of 400. Egan turned in the high series for the Bend team with a 451.

The Dixon Floral Shop won two over the Rainbow Inn. P. Carson led her florists with a series of 554 and Legore with a 497 was high for the Rainbow Inn.

The Kathryn Beard bowlers took a slight advance on the league ladder as they turned back the Nu-Fashion Beauty girls by winning two games. Klein led the Beard bowlers with a series of 479. Owens was high kegler for the Beauticians with a series of 429.

The Manhattan Cafe won two from the Frazier Roofing Co. as Ventier topped the Cafe bowlers with a 386 series and Roach led the Roofers with a 385.

## GIVING SENATORS AN ARGUMENT

Bucky Harris is going along with Stan Galle, leaping for high one, at third base. Bob Repass, foreground, is new Washington shortstop. Roberto Ortiz, inset left, can hit. Bobby Estalella is available for outfield or third base.

## Brown Bomber Minus Blackburn, Meets Simon

Fort Dix, N. J., March 24.—(AP)—It probably is asking a bit too much for Joe Louis to knock Abe Simon all the way from Madison Square Garden's ring to a Chicago hospital bedside in one hop Friday night, but the spirit will be there just the same.

Because out there in that hospital cot Jack Blackburn, old faithful "Chappie" often referred to as Joe's Mr. Brain, lies tussling with a cruel combination of rheumatism, sciatica and a near thing with pneumonia. He'll be missing from Joe's corner Friday night for the first time since the Bomber tossed his first bomb. And Joe feels it deeply, since they're pals as well as associates in the beak-busting business.

"So this one," the Bomber explained today as he bounced a last whistling hook off the last weary sparmate's nose, "is for Chappie. I gotta win this one for him."

Buck Private Joe says Chappie had more to do, than even himself, in making him the boss-man. And just to be on the safe side, he'll get last-minute instructions from Blackburn in a phone call tomorrow night or Thursday.

**FITZPATRICK RECALLED**  
Milwaukee, March 24.—(AP)—Dr. Edward A. Fitzpatrick, president of Mount Mary College and organizer of the Illinois selective service system in 1940, was called yesterday to active duty in the army April 10. A lieutenant colonel in the specialist reserve corps, he will be assigned to selective service headquarters in Washington.

The shortia galacifolia is found only in the state of North Carolina. It is a lily-like flower.

Nearly 500,000 people in the United States suffer from tuberculosis, according to authorities.

Standard time was adopted in the United States in 1883.

Bumblebees begin work when two days old.

By HUGH FULLERTON, JR.  
Wide World Sports Columnist  
New York, March 24.—If your calendar isn't enough proof that spring is here, what's become of all those ball players who were holdouts a couple of weeks ago?

Training camp scribes are doing their raving about rookies now, and when they're forgotten the season will be on . . . Commodore Sheldon Clark, head of the Illinois Boxing Commission, has okayed Lou Nova as an opponent for Bob Pastor . . . The University of Washington crew budget includes a provision for the trip to Poughkeepsie in June although the Huskies haven't yet received Army approval for the duel with California that starts the season.

**Today's Guest Star**  
Al Abrams, Pittsburgh Post-Gazette: "Herman Pillette, former Major league hurler now a member of the San Diego club of the Pacific Coast League, is 46 years old and has had 26 years of pro baseball. Under present conditions, his future appears very bright."

**Sportspouri**  
Marquette's football schedule is being held up because of uncertainty over a game with San Francisco U. on the west coast . . . Look for Iowa teams to show plenty in the Women's Basketball Tournament at St. Joe, Mo., this week. The girls really play the game there. Nearly 600 teams started in the state sectional tournaments, 25,000 fans watched seven sessions, and Clutter, which took the title, hasn't been beaten in two years . . . Arky Vaughan, the Dodgers' new sparkplug, tells his roommate, Johnny Rizzo: "Get out there and play ball. I won't live with anybody who isn't a star."

**One-Minute Sports Page**  
M. G. (Andy) Anderson set some sort of a record in Minnesota basketball circles when he coached Buhl high of St. Paul to a State Title a year ago, shifted over to Cretin high and won the Catholic high school crown this spring . . . Paul Dean isn't loafing in the shade of a haystack this spring. He works out three hours a day with the Dallas Rebels, gets in a round of golf, goes home to milk three cows and then keeps his filling station running for a few hours.

**Congratulations In Order**  
When Mack Tharpe, Georgia line coach, became a Navy lieutenant and Frankie Sinkwich, the Georgia U. Footballer, became a husband on the same day, sportscaster Ernie Harwell of Atlanta said:

"Congratulations to the man who'll give the orders—Tharpe; and congratulations to the man who'll take the orders—Sinkwich."

Mount Rainier has snow all the year around.

Heavyweight Champ Joe Louis, a private who resides at Fort Dix, N. J., points out sights to Billy Conn, a visitor from Fort Wadsworth, Staten Island, N. Y.

## Baseball Scores

(By The Associated Press)  
Today's Games

At Daytona Beach, Fla.: Brooklyn (N) vs Boston (A).  
At Pasadena, Calif.: Chicago (A) vs Philadelphia (A).  
At Clearwater, Fla.: Cincinnati (N) vs Cleveland (A).  
At St. Petersburg, Fla.: New York (A) vs Detroit (A).  
At DeLand, Fla.: St. Louis (A) vs Washington (A).  
At Los Angeles: Chicago (N) vs Pittsburgh (N).  
At Fullerton, Calif.: Chicago B (N) vs Sacramento (PCL).  
At Miami Beach—New York (N) vs Philadelphia (N).

**Yesterday's Results**  
Brooklyn (N) 7; Detroit (A) 2.  
New York (A) 9; Newark (INT) 5.  
St. Louis (A) 2; Washington (A) 1 (12 innings).  
Boston (N) 4; Brooklyn B (N) 2.  
Chicago (N) 10; Pittsburgh (N) 4.  
Philadelphia (A) 7; Chicago (A) 6 (10 innings).

**THE AMERICAN BOWLING CONGRESS OF 1944 MIGHT BE HELD ON WEST COAST**

Columbus, O., March 24.—(AP)—Bidding for the 1944 American Bowling Congress tournament took a spirited turn today with arrival of west coast delegations.

Los Angeles keggers, led by movie producer Harold Lloyd, and a group from San Francisco let it be known they were competitors of Indianapolis envoys for the classic. Next year's tournament will be in Buffalo, N. Y.

**Businessman to Leave**  
After more than 20 years of service to Rochelle as businessman and community worker, John Maxson, proprietor of the Maxson bakery, is disposing of that business. He will become superintendent of the White Pines State park, in charge of the renting of cabins, the restaurant in the main lodge, concessions, and all the other duties connected with the position. His home and furnishings, located at 1022 Seventh street, are also to be sold, as the family will reside at the "Pines." A popular leader of the community, he is now completing one year as president of the Rochelle Chamber of Commerce, chief of the fire department, and an active participant in church and many lodge functions. It is understood that he needs more rest and an improvement in health that his new position offers. Rochelle has need of an equally efficient baker to replace him as nearly as possible in the community.

**Government Clerk Here**  
Arrangements have been completed with the federal government whereby the services of an office clerk have been secured to handle part of the manifold duties connected with the local office of the Council of Civilian Defense. The man to be placed here is expected to arrive this week. The local office is in the Chamber of Commerce rooms.

**Personals**  
The Henry T. Millers spent Sunday visiting relatives in Chicago. As Dr. John Kay will be called to the service of our country before Easter when he and Mrs. Kay planned to unite with the Presbyterian church, they were, instead, received into the fellowship of the church on Sunday morning.

The Sunday school teachers of the Presbyterian church will meet at the home of Mr. and Mrs. C. L. Vande Pool, 415 North Eighth street on Thursday evening at 7 o'clock. On the evening of Good Friday, the Presbyterians will hold a session meeting to receive new members who plan to join the church membership on Easter.

**Donald Hurlbut in Services**  
Donald Hurlbut left Saturday morning to join the armed forces of his country. Mrs. Hurlbut has closed their apartment and will reside in the country for this indefinite period of time. He is the son of Mr. and Mrs. W. R. Hurlbut.

**Holy Week**  
Tentative plans for Holy Week are:  
Thursday evening—Union communion service at the Methodist church.  
Good Friday—Three-hour service at the Presbyterian church.

**Father and Son Banquet**  
The Men's club of the Methodist church will sponsor a father and son banquet Wednesday night at the Coliseum. The main speaker of the evening will be Glenn Cunningham, holder of the world's record in the mile run. He is now director of student health and athletics at Cornell college, Mt. Vernon, Iowa.

**Birthday Dinner**  
Mr. and Mrs. Frank Adamson entertained at a family dinner Sunday for the eighty-fifth birthday anniversary of Mrs. Adamson's mother, Mrs. C. E. Norris. Guests included Mr. and Mrs. Bert Norris, Mr. and Mrs. Lester Norris and family, Mr. and Mrs. Ragnar Anderson and family of St. Charles, Mr. and Mrs. A. F. Fairbank and family, Mrs. Edward Fairbank and daughter, E. L. Norris and daughter of West Chicago, Mr. and Mrs. Homer McCoy and E. B. Holmes of Mooseheart.

**Moved**  
Mr. and Mrs. John Carr moved the past week end to Cicero where he recently accepted a position as instructor in industrial arts in Morton high school. Mr. and Mrs. Robert Castle will occupy the Carr residence. Mr. Castle is the new teacher of agriculture in Oregon high school.

**Personals**  
Mrs. Minnie Harris went to Freeport Sunday to spend three weeks with her daughter, Mrs. Frank C. Taylor and family. Miss Judy Pfeiffer spent the week end with her parents, Mr. and Mrs. Carl Pfeiffer at Savanna. Misses Grace and Edna Ehmen were week end guests of Mr. and Mrs. Evert Gustafson at Rockford. Mr. and Mrs. Raymond Behler

and daughters of Sycamore and Miss Louise Ayers of Maple Park were week end guests of Mr. and Mrs. Charles Behler. Mr. and Mrs. Ernest Pluister and family of Lindenwood spent Sunday with their parents, Mr. and Mrs. John Harris. Miss Martha Swenson is spending the week in Rockford assisting at the home of her uncle and aunt, Mr. and Mrs. Herman Johnson. Mr. Johnson is ill, threatened with pneumonia. Donald Christensen was home on a week end furlough from Chicago where he is training in an aeronautical school. Mr. and Mrs. H. L. Moore and family of Ottawa and Mr. and

Mrs. Ray Kart of DeKalb were visitors Sunday of Mr. and Mrs. R. L. Kiest. Richard Settles, father of Walter L. Settles, passed away Saturday noon at the Warming clinic where he had been a patient for three days. Funeral services were held at Prophetstown Monday afternoon and burial was made at Lyndon. Mr. and Mrs. C. W. Eselinger entertained guests Sunday, Mr. and Mrs. William Magson, Miss Ruth Rafoth and Clarence Ellerman of Dubuque, Iowa. Mr. and Mrs. Eldon Rees and son Donald of Burlington, Iowa, were week end visitors of Mr. and Mrs. Charles Kinn. Sunday Mr.

and Mrs. Charles McCourt and two sons of Dixon and Mr. and Mrs. Graydon Patrick and two sons joined them for a family dinner. Miss Marjorie Mather of Chicago came Monday to spend several days with her grandmother, Mrs. C. D. Etnyre. Mr. and Mrs. Ray Doty entertained at dinner Sunday their son-in-law and daughter, Mr. and Mrs. Melvin Hurdle and Mr. and Mrs. Buell Brodie of Polo. **Son Dies** Frank Einsweiler, Jr., aged 13, son of Mr. and Mrs. Frank Einsweiler of Galena, passed away Saturday afternoon at St. Frances

hospital in Freeport. Funeral services were held this afternoon at Galena. The Einsweilers were former residents of Oregon and he was manager of the Spahn and Rose Lumber Co.

**ANTI-AIRCRAFT SCHOOL**  
Fort Sheridan, Ill., March 24—(AP)—An army anti-aircraft training center will be established at Fort Sheridan within two weeks, Col. Frederick C. Rogers, commandant, announced. He said two regiments probably would be stationed there.

The scientific name for the mocking bird, *Mimus polyglottos*, means many-tongued mimic.

## Former President of Argentina, Friend of Democracies, Is Dead

Buenos Aires, March 24—(AP)—Marcelo de Alvear, 73, president of Argentina during the republic's golden era of 1922-28 and minister to France during the first World War, died last night at his country estate in suburban Don Torcuato. He had been ill for some time and less than two weeks ago resigned as national chairman of the "Union Civica Radical," Argentina's major pro-democratic political party. The resignation, however, was rejected by the national committee.

## Reunion

A reunion was held Sunday at the Mr. and Mrs. Carlton Jones home. A very delicious dinner was served and cards were played in the afternoon. The women played bistro and Mrs. Robert Briggs won high prize, and Mrs. Frank Tuttle received low score. The men played pinochle and Ernest Schmidt finished high and Orin Simpson low score. Those attending the reunion were Mrs. August Just and Miss Clara Just of Peoria, Mr. and Mrs. Ernest Schmidt of Cortland, Mr. and Mrs. Frank Tuttle and daughter of Earlville, Mrs. Virgil Knox and family and Mrs. Robert Briggs of Mendota, Mrs. Cecile Chapman of Rollo, Mr. and Mrs. Marvin Suddeth and family, Mr. and Mrs. Orin Simpson, Mr. and Mrs. Harold Hoelzer and family, Miss Jessamine Edwards, and Marion, Esther, Cynthia, Donald and Junior Simpson of Paw Paw.

## W. S. C. S. Meeting

The Woman's Society of Christian Service met at the Mrs. Harley Rosenkrans home Wednesday afternoon. Mrs. Josephine Scott had the devotionals and Mrs. H. C. Barton featured a playlet on China. Lovely refreshments were served and Mrs. Harley Thomas, Mrs. Howard Flancker and Mrs. Mamie Wise were the assisting hostesses for the afternoon. The special guests were Mrs. Hugh Snelling and Mrs. Arnold Case.

## Blessed Event

Mr. and Mrs. Leonard Rosette are the proud parents of a baby boy born Tuesday, March 17, at the Harris hospital in Mendota. The infant weighed 7 pounds, 6 ounces and was named Charles Arthur.

## Willing Workers

The Willing Workers class of the Baptist church met Wednesday afternoon for a 1 o'clock dinner at the church. The usual business meeting was held and Mrs. John Edwards had the devotionals. Games were played in the afternoon and Miss Jessamine Edwards was the special guest.

## Kitchen Shower

A kitchen shower was held in honor of Mr. and Mrs. Donald Ferguson, Saturday afternoon at the Lawrence Gallagher home. Mrs. Arthur Chowling, Mrs. Lawrence Gallagher and Mrs. Arnold Iverson were the hostesses. Mrs. Steve Hart, Mrs. Gilbert Krenz, Mrs. Frank Coske, and Mrs. Arthur Chowling were prize winners for the afternoon. Delicious refreshments were served and many lovely gifts were presented to the bride. Those attending were Mrs. Oakley Durr, Mrs. Robert Powers, Mrs. Steve Hart, Mrs. Wayne Niebergall, Mrs. Alma Alexander, Mrs. Chris Moore, Mrs. Philip Crouch, Mrs. Gilbert Krenz, Mrs. Lewis Clemens, Mrs. Arthur Chowling, Mrs. Arnold Iverson and Mrs. Baird of DeKalb.

## Card Party

Mrs. Mabel Worsley entertained three tables of auction bridge on Wednesday evening at her home. Mrs. Byron Rosenkrans was the guest of honor, the occasion being to celebrate Mrs. Rosenkrans's birthday. Those present presented Mrs. Rosenkrans with a lovely gift. Mrs. E. N. Gibbs received high score, and Mrs. Hulda Roushlow low score for the evening.

## Missionary Meeting

The Presbyterian Missionary society met at the home of Mrs. Blanche Roberts last Wednesday afternoon. The regular business meeting was held and the hostess served very lovely refreshments. The next meeting of the society will be April 22 at the Fred Gunderman home for a scrambled dinner.

## Charivari

A charivari was held at the Mr. and Mrs. Mark Hopwood home Saturday evening in honor of Mr.

and Mrs. La Verne Hopwood. The evening was spent in dancing and the music was furnished by Elmer Boston. Mrs. LaVerne Hopwood and Avery Meriman, Mr. and Mrs. LaVerne Hopwood treated the crowd with ice cream, cake, cookies, candy and cigars.

## Dinner Guests

Mr. and Mrs. Harry Davidson entertained a number of people for Sunday dinner at their home. Those attending the delicious dinner were, Mr. and Mrs. Ray Englehart, Mr. and Mrs. David Englehart, Mr. and Mrs. Harley Rosenkrans, Wellington, Orville and Harold Englehart, Virginia Mae Ulth and Mr. and Mrs. Archie Davidson of Rockford.

## They'll Make It Stick if Invasion Comes

Aussies string barbed wire along their beaches as the hordes of Nippon draw near for their invasion attempt against American bolstered defenders.

## Drift 11 Days in Atlantic

A boatload of survivors, part of the entire crew of 27 of a small united nations merchant ship sunk March 5, nears a rescue vessel after drifting helplessly in the South Atlantic for nearly two weeks. (NEA Telephoto.)

## Three on Trial in Peoria on Charges of Court Contempt

Peoria, Ill., March 24—(AP)—Former strikers were applying for reinstatement today at the Toledo, Peoria & Western Railroad which was seized by the federal government after the road's president refused to submit the controversy to arbitration.

J. W. Barriger, first federal representative to run a railroad in 22 years, announced applications for reinstatement must be made before noon tomorrow when pay rates, rules and working conditions which existed before the strike started Dec. 28 will be resumed.

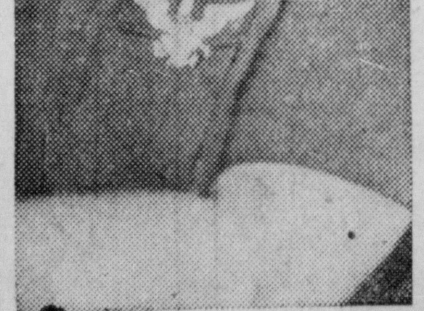

President Roosevelt ordered the 2339-mile line seized Saturday, ending a strike of 104 employees. The shortline's uninterrupted operation is essential to prompt movement of war materials since it links eastern and western mainlines so that freight may move across country without entering the busy Chicago terminals.

Three Men on Trial  
In federal court, meanwhile, three men were on trial on contempt of court charges. They were accused of violating an injunction against violence or attempted violence in connection with what railroad attorneys' charges was an unsuccessful attempt to dynamite a bridge near Eureka, Ill.

The defendants were Paul Brokaw, Cleveland, a public relations representative of the Brotherhood of Railroad Trainmen and of Locomotive Firemen & Enginemen; Delmar Newdigate of Peoria, and H. J. Dilley of East Peoria, former employees of the road.

Railroad counsel charged Brokaw paid \$1,270 to an acquaintance of Dilley to bomb the bridge and that Newdigate's car contained 60 pounds of dynamite and a pistol when he was stopped near the bridge.

Barriger said all strikers would be rehired, if they wish, except those involved in "alleged or proven unlawful conduct". Non-strikers who replaced those who walked out will be put at the bottom of the seniority list.

Adeline Bowman (above), \$6,356 a year secretary of a Cleveland company with \$58,000,000 worth of war contracts, tells house committee that her salary and bonuses for 1941 totaled \$38,356 and that she has received \$18,295 so far this year. (NEA Telephoto.)

## Kingdom News

Mr. and Mrs. Fuller of Dixon were guests Sunday at the Owen Morris home.

Leonard Stevens and Billy went to Yorkville on Saturday to get Mrs. Stevens who has been visiting at the Frank Barkley home the past week.

Rev. Sommers was a dinner guest at the Lee Brink home on Sunday.

## German High Command Claims Sinking of 13 More Ships in Atlantic

Berlin (From German Broadcasts) March 24—(AP)—A German high command communique declared today that U-boats off the coast of North America had sunk 13 more merchant ships totaling 80,300 tons.

The Germans only last Saturday claimed that two U. S. coastal patrol warships and 11 freighters totaling 76,000 tons had been sunk off the U. S. Atlantic coast in the previous week. The report declared that a total of 14 allied merchant ships totaling 92,000 tons were sunk during that period.

The high command's report today said the 13 ships included seven tankers. It added that another tanker of 11,000 tons had been hit by a torpedo and damaged so severely that its sinking was probable.

In the last roundup of shipping losses inflicted in American waters, issued on March 12, the Germans said their submarines had accounted for 772,500 tons and Italian submarines had sunk 50,700 tons, making a combined total on that date of \$23,200 tons.

If you have a room or house to rent, you will get quick results from an ad in The Dixon Telegraph.

The Parent-Teacher organization will meet at 8 o'clock this evening in the high school building. The guest speaker will be Dr. Leonard Odiorne, pastor of the First Presbyterian church, Freeport, and his subject will be "Maintaining Morale in a Worried World."

Serving on the refreshment committee will be Mesdames Arthur Stoltzman, Keith McGuire, Charles Sprague, B. H. Unangst, Forrest Doherty and Elva DeGraff.

Mrs. Alice Sweet of Polo visited her sister, Miss Sylvia Paul over the week end.

Members of the Mothers' club were entertained Monday evening at the home of Mrs. John Masterson. Mrs. Keith McGuire was the assistant hostess.

## Seeks to Avoid Black-Out of State Police's Radio During Air Raids

Chicago, March 24—(AP)—Col. Thomas R. Gowenlock, state coordinator of all law enforcement agencies, said yesterday he had forwarded to the Federal Communications Commission detailed information on Illinois' police radio system to avert a threatened blackout of the system in event of air raids.

Gowenlock said the commission had indicated that police radios would be blacked out automatically in case of air raids unless alternative plans were submitted. He reported there were 1,082 mobile units (squad cars) in the state covered by radio, including 112 one-way and 373 two-way units in the Chicago area and 478 one-way and 119 two-way units outside Chicago.

## SEES INSPIRATION

Mattoon, Ill., March 24—(AP)—Congressman Raymond S. McKeough, Democratic candidate for the U. S. senatorial nomination, said last night at a rally that "every American should find inspiration in General MacArthur's declaration: 'I shall do my best'."

"Above all," he said, "production must be every patriotic American's contribution to the war effort."

India is two-thirds the size of the United States.

## Chicago Doctor Sues State for Back Wages

Chicago, March 24—(AP)—Dr. O. J. Baldwin of Chicago sued in Superior court yesterday for \$1,050 which he claimed was due him in back salary on a two-year contract as junior physician at Kansas state hospital. Defendants are Rodney Brandon, director of the state department of public welfare, and Dr. Conrad Sommer, department chief medical officer. Dr. Baldwin said he was discharged Aug. 15, 1941, when the contract had 19 months to run. The amount claimed is that for the unexpired term of the contract up to the present time.

Reporter and Local Circulation Representative

Harold Patterson and John Yeakel of the grade school faculty attended the funeral at Galena today of Frank William Einsweiler, Jr., who died at the Deaconess hospital at Freeport Saturday after a long illness. Frank, Jr. attended the Mount Morris schools and was a member of the Mount Morris Boy Scouts during the family's residence in Mount Morris prior to their moving to Galena last December. He was born at Freeport Dec. 29, 1928. Surviving are his parents, Mr. and Mrs. Frank Einsweiler, Sr., one brother, Robert, and one sister, Nancy, and his grandparents, Mr. and Mrs. Frank Einsweiler of Galena and Mr. and Mrs. William Wachlin of Lena.

Mrs. Grant Unger, Sr. was dismissed from the Freeport hospital Monday and is convalescing from a heart attack at the home of her daughter, Mrs. Bert Stimanax.

Sunday guests of Mrs. Nancy Pollock were her nephew and wife, Mr. and Mrs. Rudolph Schlicker and daughter of Geneva, Wis.

Robert Binkley, L. Edenbo and Donald Waddell of the government school of aviation at Rantoul spent the week-end in their respective homes.

The V. F. W. and its auxiliary are sponsoring an old-fashioned box social at their hall Saturday evening. Preceding the box lunch the following program will be given: Accordion solo, Pearl Willis; tap dance, Dorine Flur; duet, Donna Lizer and Billy Nett; play by six pupils of the eighth grade directed by John Yeakel — "Birthday Present for Lincoln". The cast includes Pearl Willis, Maxine Yeakel, Billy Messer, Ronald Feary, Willie Incontro and Bethel Avery. The public is invited.

Lieutenant Governor of the district Kiwanis, Ed Alverson, will be guest speaker at the regular meeting of the organization tomorrow night at 6 p. m. at the V. F. W. hall. Every member is urged to attend. Following the Kiwanis meeting, Mr. Alverson will meet with directors of the club.

The Kable concert band will begin rehearsals this week for the summer concerts to be held on Saturday nights on Kable Square. J. J. Richards of Sterling will serve again this year as director. Rehearsals will be held on the fourth floor of Old Sandstone on Wednesday nights from 7:30 until 9:00 o'clock.

The annual high school board election will be held at the township hall Saturday, April 11 from noon to 7 o'clock. Harry Baker and Earl Dehl are candidates for re-election.

William Ross, son of Mr. and Mrs. Harold Ross, a student in the freshman chemical engineering class at Northwestern university, is listed on the honor roll for the first semester. Honor roll students must be in the upper fifth of their class with at least a "B" average.
